## Use the Following Addresses

If you would like to send a standard lead time order to our order entry department, please use the following address:

*For North American orders:*  
Knoll, Inc.  
1235 Water Street  
East Greenville, PA 18041  
Attn: Order Entry

Fax: 215 679-1788  
Tel: 800 343-KNOLL

All accepted orders will be confirmed in writing on the Knoll standard order confirmation form.

## For More Information

For complete Knoll Selling Policy and warranty information, please refer to page 177 of this price list.

For additional information on Knoll Office Seating, contact your Knoll representative, a Knoll dealer, or telephone Customer Services at 800 343-KNOLL.

## Shipping Method

All RPM chairs, Essentials Work Chairs (EWC Pro, EWC Tech and EWC Sport task and conference versions), and Chadwick task chairs in this price list will ship boxed in two pieces. If you would like a fully assembled, blanket wrapped RPM chair, Essentials Work Chair (EWC Pro, EWC Tech and EWC Sport task and conference versions), or Chadwick task chair, please consult the Standard Specials price list for pattern numbers and associated upcharges.

control	illustration	description	application
Synchronized Recline with Auto-Balanced Tension		Utilizes user's body weight for resistance and recline so the chair is perfectly adjusted by sitting in it — no tension knobs or levers needed; allows for constant sightline — no need to refocus; promotes movement and balance; preference control accommodates a wider range of users.	Life Chairs
Synchronized Tilt Control		360° swivel; back and seat recline in one synchronized movement to support the user's back throughout the recline. As back reclines, the seat drops down slightly, relieving pressure points.	Bulldog Executive, Management, High Back Professional, Operational and High Task Chairs  Open Up Mid Back and High Back Chairs  RPM Advanced and Basic Control Chairs  Chadwick Chairs Essentials Work Chairs Pro and Tech
Knee-Tilt Control		360° swivel; seat and back tilt at the same ratio at a pivot point under the front edge of the seat.	Sapper Executive and Management Chairs
Sliding Seat with Synchronized Back Tilt		360° swivel; back tilts while seat slides forward.	SoHo Chairs

**Fabric Application**

The application of the KnollTextiles collection to Knoll Office Seating provides the broadest and most exciting selection of standard fabrics in the contract furniture industry.

KnollTextiles fabrics are developed in collaboration with the world's leading designers. The collection ranges from worsted wools and combed cottons to elegant tapestries and brocades. Luxurious fiber combinations enhance any environment in weaves that embody visual character, fine craftsmanship, strength and tactile appeal.

KnollTextiles represents the widest range of aesthetic opportunities to define the way offices look, as well as the way they feel.

Fabrics are grouped into categories referred to as "grades." The selection of approved fabrics varies by product. Please refer to the pricing page of each product line for more information.

**Always check with KnollTextiles for textile changes or new applications on seating.**

**CAL 133**

See matrix below regarding testing for California Technical Bulletin 133 (CAL 133).

Please refer to the textile matrix for a list of pre-approved CAL 133 upholstery options and specification instructions. The following Knoll Office Seating products can be specified to comply with California Technical Bulletin 133 (CAL133):

- The Sapper Chair
- The Life Chair
- The Bulldog Chair (*CAL133 not available on chairs with upholstered outer backs*)
- The RPM Chair
- The Essentials Work Chairs
- The Visor Chair

If any other KnollTextiles fabric or COM is desired, Knoll will test the compliance of the specified fabric on the specified chair. The cost of the test will include the price of the chair and COM fabric plus \$520. The additional fee is to cover the cost of the test. Contact your Knoll customer service representative at 800 343-KNOLL for further test processing instructions.

**CAL133 COM Process Overview**

CAL133 – California Technical Bulletin 133. The requirements for testing are as described in the matrix. Intek F187 fire barrier is recommended. **Barrier must be attached when fabric arrives at Knoll.**

**This page intentionally left blank**

For the ultimate in comfort, durability, and prestige, many Knoll Office Seating products can be upholstered in Spinneybeck leathers.

Spinneybeck leathers are made from the top 2% of the world's finest hides, inspected numerous times during production.

After tanning, all Spinneybeck leathers are drum-dyed, a time-consuming procedure which ensures color penetration throughout the hide. Then each hide is finished in the manner which will best bring out its individual character.

Spinneybeck leathers are all full-grain aniline drum-dyed products imported from Italy.

The following Spinneybeck leathers are approved for application on Knoll Office Seating products. Leathers are grouped into five price categories referred to as "grades." The selection of approved leathers varies by product. Please refer to the pricing page for each product line for more information.

Square footage requirements for Customer's Own Leather are listed on the left side of the pricing page. Please refer to General Ordering Information on page 135 for further information regarding COL.

For further information, call Spinneybeck at 1 800 482-7777.

Any of our leather grades may be perforated with any of the patterns shown below to create a crisp, contemporary look.

Perforated Leather is a specialty product, available only on a custom order basis. Please use pattern numbers below. Perforated Leather is available in half hides only. Not recommended on outside back applications (e.g. Bulldog)

Pattern #265  
.052 in. diameter  
diagonal pattern  
8 holes per square inch

Pattern #330  
.052 in. diameter  
diagonal pattern  
12 holes per square inch

Pattern #457  
.052 in. diameter  
diagonal pattern  
21 holes per square inch

Pattern #914  
Mini Perf  
.052 in. diameter  
straight line pattern  
70 holes per square inch

Pattern #528  
Emossed Micro Perf  
.050 in. diameter  
staggered pattern  
75 holes per square inch

Pattern #1875  
.052 in. diameter  
diagonal pattern  
25 holes per square inch

Pattern #0250S  
.052 in. diameter  
straight line pattern  
16 holes per square inch

Pattern #560  
.052 in. diameter  
staggered pattern  
22 holes per square inch

Pattern #280\*  
.052 in. diameter  
staggered pattern  
7 holes per square inch

Pattern #560-85  
.085 in. diameter  
staggered pattern  
20 holes per square inch

Pattern Tri-Star  
Multiple Diamond  
.052 in. diameter  
staggered pattern  
18 holes per square inch

Pattern #1250  
.052 in. diameter  
staggered pattern  
35 holes per square inch

# Sapper Dimensions and Operating Instructions

## Seat

	Seat Height	Seat Depth	Seat Width	Seat Pan Angle	Seat Back/ Seat Pan Angle
Executive (Pneum.)	17" - 20 1/2"	18"	22 1/2"	6.5°	95°
Manager (Pneum.)	17" - 20 1/2"	18"	20 1/2"	6.5°	95°
Side Chair	17 3/4"	18"	20 1/2"	3°	95°

## Back

	Lumbar Support Height	Lumbar Support Width	Lumbar Support Center	Seat Back Width
Executive (Pneum.)	8	16 1/2"	7 1/2"	22 1/2"
Manager (Pneum.)	8	16 1/2"	7 1/2"	22 1/2"
Side Chair	8	16 1/2"	7 1/2"	22 1/2"

## Armrests

Width Between Armrests
22 1/2"
20 1/2"
20 1/2"

\*Note: Measurements taken with the BIFMA Chair Measuring Device.

Executive

Management

Side

	Executive (pneumatic)	Management (pneumatic)	Side
A overall height	40 3/4" - 43 7/8"	33 3/4" - 37 1/4"	34 3/4"
B overall width	26 3/4"	24 3/4"	24 3/4"
C overall depth	28 3/4"	28"	27 1/2"
D arm height	23 1/2" - 27"	23 1/2" - 27"	26 3/4"
E base dimensions	28" diameter	28" diameter	26" width
weight with arms	55 1/2 lbs.	51 lbs.	36 lbs.

#### **Pneumatic Seat Height Adjustment**

To adjust the height, lift the handle on the right side of the seat.

#### **Tilt Lock**

To lock the chair upright, push down on the handle under the left side of the chair. Pull up to release.

#### **Tension Adjustment**

Lean back and recline. If tension needs adjusting, reach under the front-center of the seat and increase tension by turning the knob to the left, or decrease tension by turning the knob to the right.

#### **Forward Tilt**

Reach under the right side of the chair toward the front and twist the lever to the front while slightly reclining to activate forward tilt. To deactivate forward tilt, recline slightly and twist the lever to the rear.

#### **Adjustable Lumbar Support**

*(optional)*

To raise the lumbar support, slide the curved lever on the left side of the chair toward the rear of the chair. To lower the lumbar, slide the lever toward the front edge of the chair.

Compliancy: ANSI/BIFMA x 5.1 – 1993, CAL 133 in leather

# The Open Up Chair Dimensions and Operating Instructions

## Seat

	Seat Height	Seat Depth	Seat Width
Open Up complies with the BIFMA G1-2002 Ergonomic Standard.			
<b>Mid-Back</b>	16" - 21"	16.9" Shorter 18.4" Standard	19.5"
<b>High-Back</b>	16" - 21"	16.9" Shorter 18.4" Standard	19.5"
<b>Side Chair</b>	18.5"	17"	19.5"

## Back

## Armrests

	Backrest Height	Head Rest	Backrest Width	Armrest Height (From Floor)	Armrest Height (From Seat)	Width between Armrests
<b>High-Back</b>	22 1/2"	7"	18"	<b>3D</b> 23" - 28 1/2"	7 1/2" - 11 1/2"	20"
<b>Mid-Back</b>	22 1/2"	—	18"	<b>Fixed</b> 26"	8"	20"
<b>Side Chair</b>	17"	—	18.5"	26"	8 1/2"	19 1/4"

\*Range achieved with single chair, or combination of chairs. Open Up's low cylinder, medium and high cylinder options exceed the 15" - 19.9" seat height range. Open Up's medium cylinder range is shown above.

\*\*Adjustable: Include part of 0° - 4° rearward \*\*\*Adjustable: Includes part of 5.9" - 9.8"

	High-Back	Mid-Back	Side Chair
<b>A</b> overall height	46" - 51 1/4" *	38" - 43 1/4"	35"
<b>B</b> overall width	27"	27"	22 3/4"
<b>C</b> overall depth	26"	26"	25"
<b>D</b> 3D arm height (from floor)	26" - 30"	26" - 30"	26"
<b>E</b> 3D arm height (from seat ref. pt.)	7 1/2" - 11 1/2"	7 1/2" - 11 1/2"	8"
<b>F</b> base diameter	27"	27"	19"

\*High-back overall height includes headrest adjustments.

Open Up High Back Chair

Open Up Mid Back Chair

### Pneumatic seat height adjustment

To raise seat:

Remove your weight from chair; lift lever on right side of chair, releasing lever at desired seat height.

To lower seat:

While seated, lift lever on right side of chair, releasing lever at desired seat height.

### Tilt lock and multiple lock

To unlock backrest:

On left side of chair, pull lever upward and release it. Lean against backrest and it will automatically release.

To lock backrest into position:

Lean back until backrest reaches desired angle. On left side of chair, pull lever down and release it to lock backrest into position.

### Tension adjustment

On right side of chair, pull out handle.

Crank handle clockwise (forward) to increase tension or counterclockwise (backward) to decrease tension. Return handle to its original position by pushing it back in and out of way.

### Lumbar adjustment - optional

Using both hands, move lumbar support up or down to desired position.

### 3-D arm adjustment - optional

Armpad height:

Press button on inside of armrest and lift or lower armrest to desired height. Release button and armrest will engage.

Armpad depth:

Push armrest backward or forward to desired position. It will engage automatically.

Armpad pivot:

Grasp armpad at front and back. Pivot armpad clockwise to angle in, or counterclockwise to return to original position.

### Headrest adjustment - high-back only

Headrest height:

Grasp headrest from top and bottom, move it up or down to desired position.

Headrest angle:

Grasp headrest from each side, push forward or backward to desired position.

### Forward tilt - advanced control only

While standing, twist lever under left side of seat backward 180° to engage forward tilt. Twist lever forward 180° to return seat to level position.

			or <b>ST-(KnollTextile or Spinneybeck Upholstery Code*)</b> (upcharge from basic model) or <b>UST</b> (for Ultra Seat Topper)		or <b>BT-(KnollTextile or Spinneybeck Upholstery Code*)</b> (upcharge from basic model)
			or <b>COM or COL</b>		or <b>COM or COL</b>

\* Please refer to the matrices at the beginning of the price list for Approved Textiles and Leathers.

# The Life Chair Upholstery Options and Construction Information

## Back Suspension Fabric with Unupholstered Seat

Life Back Suspension Fabric is required for every chair, and comes in an amazing 19 color palette, ranging in hue from soft light and vibrant brights to the richest of warm tones and, oh yes, you can still order black.

## Back Suspension Fabric with Seat Upholstery Topper

You may choose to add a seat upholstery topper. In addition to a wide range of approved KnollTextiles and Spinneybeck leathers, two exclusive fabrics are available: Life Knit Seat Topper, in a palette to match the Life Back Suspension Fabrics. Life Knit Seat Upholstery Topper is base grade and included in the basic model pricing.

## Back Suspension Fabric with Seat and Back Upholstery Toppers

Change the look of Life by adding a back topper. A wide range of approved KnollTextiles and Spinneybeck leathers are available as back toppers. Life Knit Seat Topper (KST) is not available as a back topper.

To view fabrics online, refer to the Knoll Surface Library on [knoll.com](http://knoll.com) (go to the menu bar and click on “Products” and click on “Surface Library”).

## Construction

**The Life Chair is very COM/COL friendly.**

### COM/COL Approval Procedure

Prior to order placement a sample\* of the actual COM/COL must be submitted to Knoll East Greenville, with completed Knoll COM/COL Approval Request Form. Even after such preliminary approval, Knoll reserves the right to reject COM, including, if necessary, the item intended for use with COM, if Knoll considers the customer-supplied material inadequate for any reason. When specifying suede and shrunken cowhide, add 10% to the square footage requirement. When specifying calfskin, add 15% to the square footage requirement. If a COM/COL has been approved for the Bulldog two-piece chair, it is likely to work on Life. However, to be sure, the COM/COL procedure is still required. COM is graded at Life Knit Grade and COL is grade U.

\*Sample Requirement: 8" x 8" minimum memo sample if solid; if COM has a repeat, the sample must be large enough to show the repeat.

Call Customer Service at 800-343-5665 to obtain a copy of the COM/COL Approval Request Form.

### Cleaning Note:

The Life Back Suspension Fabric (BSF) and the Life Knit Seat Topper (KST) can be spot-cleaned with an upholstery shampoo or mild detergent. Use a soft-bristled polyester brush or cloth. Do not use an abrasive cloth or brush. To clean a large surface area, an extraction or steam cleaner works best. Do not expose the materials to temperatures greater than 160°. To prevent soiling, vacuuming to remove dust and grime is recommended. Cleaning code is W-S.

### Back:

Glass filled nylon frame. Polyester yarn with co-polyester elastomeric back suspension fabric.

### Upholstery toppers:

3/4" foam - back thickness.  
1-3/4" foam - seat thickness.  
2-1/4" foam - ultra seat topper thickness  
MDI polyurethane foam material.

### Flexing Seatpad:

Glass filled nylon seat structure.

### Fixed Arms:

Plastic armpost with soft integrally colored thermoplastic urethane pad and glass filled nylon foam insert.

### Height Adjustable Arms:

Aluminum armpost with soft integrally colored thermoplastic urethane pad and glass filled nylon foam insert.

### High Performance Arms:

Aluminum armpost with soft integrally colored thermoplastic urethane pad and glass filled nylon foam insert.

### Black and Grey Base:

Glass filled nylon.

### Polished and painted matte

aluminum base:  
Aluminum

### Height Adjustable Lumbar:

Thermoplastic elastomer pad and frame, polypropylene and neodymium magnets.

### Casters:

Nylon 6 hard caster.  
Nylon 6 soft caster with urethane overmolding.

### Optional Lumbar Attachment:

Slow recovery foam. Attaches with magnets.

**Visual impression and scale:**

Doesn't dominate the look of the work environment, it complements it. Translucent back, sculpted mechanism and thin profile integrate Life into the landscape. Generous scale and features accommodate all size users.

**Synchronized recline with auto-balanced tension:**

Utilizes user's body weight for resistance and recline. Allows for constant sightline — no need to refocus. Promotes movement and balance. Preference control accommodates a wider range of users.

**Dynamic seat pan with forward flex:**

Unique cut-out pattern with ribbed understructure provides dynamic movement and structural stability. Cradles and accommodates ischials (sit bones) without pressure points. Automatic flex responds to user's every move. Flex front automatically supports perching and enables a balanced posture. Flex front includes waterfall edge (gradual radius at the front edge that does not cause pressure under the knee). Ribs prevent "hammocking" or sagging and allow for easier movement.

**Back flex:**

The back frame is also a flexible plane like the seat that moves with you as you recline in the chair.

**Life Back Suspension Fabric (BSF):**

3D weave has built in lumbar support and is available in 19 color options. Has a soft feel that is not harsh to skin or clothing.

**Arms:**

Soft armpads alleviate pressure points. Types available: fixed, height adjustable, high performance (includes adjustment and armpad positioning). Retrofittable or changeable.

**High performance arms:**

One-hand operation. Armposts are set toward the rear of the seat for a better fit. Soft armpads float in an orbital motion with locked stops. A great deal of adjustment in a surprisingly slim package.

**Optional lumbar attachment:**

Made of slow recovery foam, it magnetically attaches anywhere on the Life Back Suspension Fabric (BSF), and is covered in Vibe by KnollTextiles.

**Low profile base and casters:**

Feet can rest on the base comfortably. Low profile enables easier foot movement. Caster ribs absorb energy, flex and spread the static load for easier rolling.

**Controls:**

Adjustable from the seated position. Easy, obvious and labeled. Automated where possible.

**Environmental:**

Helps customers meet U.S. Green Building Council's LEED requirements.

**Durability:**

10 year multishift warranty. See details in the Selling Policy at the end of the Price List.

**Life Awards:**

Good Design Award, Chicago Athenaeum, 2003, USA  
 NeoCon Gold, Best of NeoCon, Task Chair - Seating Design, June 2002, USA  
 HDEX/NeoCon, Sustainable Design Gold Award, 2002, Canada

 FX Awards, Seating Product of the Year, 2002, UK  
 FX Awards, Overall Interior Product of the Year, 2002, UK

# The Life Chair Dimensions and Operating Instructions

## Seat

	Seat Height	Seat Depth (Adjustable)	Seat Width	Seat Pan Angle
Life complies with the BIFMA G1-2002 Ergonomic Standard.				
BIFMA	15" - 19.9"*	16.9" and larger	17.7" min.	0° - 4°**
Life	16" - 21.5"*	15" - 19"	18.75"	4°

## Back

	Backrest Height	Backrest Width	Lumbar Support Location	Angle between Seat and Back	Tilt Range of Back
BIFMA	12.2" min.	14.2"	within 5.9" - 9.8"***	90° - 115° (must be >90°)	10° min.
Life	25"	18.25"	7.5" - 11.5"	95° - 119°	24°

## Armrests

Armrest Height (Fixed)	Armrest Height Foam seatpad (Adjustable)	Inside Dim. between Armrest
7.9" - 9.8"	6.9" - 10.8"	18.0" min.
9.38"	7.5" - 11.563"	20.5"

\*Range achieved with single chair, or combination of chairs. Life's low cylinder, medium and high cylinder options exceed the 15" - 19.9" seat height range. Life's medium cylinder range is shown above. With seat topper, seat height is 16.5" - 22". \*\*Adjustable: Include part of 0° - 4° rearward \*\*\*Adjustable: Includes part of 5.9" - 9.8"

A overall height	38.5" - 43.75"
B overall width	26.5"
C overall depth	24.5"
D arm height (from floor)	22.25" - 31.25"
E arm height (from seat ref. pt.)	5.5" - 9.5"
F recline range / ratio seat : back (recline range = trunk to thigh angle)	132° / 1°:4.8°
G base diameter	26"
weight (Plastic base, height adjustable arms, seat topper.)	36 lbs.
weight (aluminum base)	37.5 lbs.

## Life Arm Options: All arms have soft armpads. All arms retrofittable or changeable.

	Distance between Arm Supports	Distance between Armpads	Arm height range (from the seat pan)	Armpad Movement Width	Armpad Movement Fore/Aft	Arm Recess Dimension
Fixed Arms	20.5" 	17.75"	10.43"			
Adjustable Height Arms	20.5" 	18.75"	7.5" - 11.563" 			6" - 10"
High Performance Arms	20.5" 	17.25" - 19.75" (narrowest - widest) (2.5" range / 1.25" per side)	7.5" - 11.563" 	17.25" - 19.75" (2.5" range / 1.25" per side)	3" Fore/Aft movement 	3" - 10"

Lumbar:	11.5" x 5.5" 
---------	-----------------------------------------------------------------------------------------------------

Compliance: ANSI/BIFMA x5.1 - 2002, BIFMA G1-2002 Ergonomic Standard, Cal 117, Cal 133 (with approved FR upholstery)  
Operating Instructions also available online at [www.knoll.com](http://www.knoll.com)

**Standard Features:****Synchronized recline with auto-balanced tension**

No need to adjust tension. Automatic recline tension counter-balances your body weight, resulting in perfect balance as you recline.

**Forward seat flex**

No knobs or levers needed. Lean forward or perch toward the edge of the seat and Life's seat pan automatically adjusts to support your position.

**Tension preference selector**

To perfect the tension adjust the preference lever located at the back left of the chair while in the upright position.

**Arm Options:**

**Fixed arms:**  
Non-adjustable.

**Height Adjustable Arms:**

Light the lever on the outside of the armpad to adjust arm height.

**Seat height adjustment**

To raise or lower the height, lift the lever on the right side of the chair and adjust to the proper height.

**High Performance Height and Fore/Aft Adjustable Arms:**

Lift the lever on the outside of the armpad to adjust arm height.

The armpads adjust in an orbital motion and lock into a fixed position by pressing the button on the inside of the pad. The armpads can be positioned to the front or back and in width.

**Sliding seat depth adjustment**

Using the same lever as the seat height, push down to slide the seat within the 4" seat depth range. Release the lever to lock the seat into position.

**Lumbar Options:****Height Adjustable Lumbar**

The lumbar support is held on to the chair with magnets for easy installation and a maximum range of adjustability.

To install the lumbar, separate the halves of the magnetic lumbar and place it in the desired position on your chair. Secure it by putting both halves back together around the back suspension fabric on the chair.

Adjust the lumbar by sliding the lumbar pad up and down the back of the chair.

Note: Product contains magnets. Consult the lumbar hangtag for more information.

**Upright tilt lock**

To lock the seat in an upright position, push down the lever located on the left side of seat. Lift lever to unlock.

# Chadwick™ Chair

## Construction Information

### Features and Benefits

Standard Features	Benefits
Active Suspension™ includes: 1. Responsive synchronized control and tilt tension	The synchronized control and tilt tension allow the user's torso to open up, promoting healthful circulation and creating a ride that is characterized by a cradled feeling that keeps the user's back in contact with the chair.
2. Resilient, breathable seat and back suspension fabric	Fabric provides inherent, energizing support all day long, conforming to the user's shape and minimizing pressure points. The open weave provides aeration.
Forward Pitch: the recline arch automatically includes a forward pitch	Chadwick offers forward support while typing without requiring any additional adjustments.
Variable Seat Depth: Chadwick's seat depth expands from 16.9" to 19.4" while reclining in the chair	Fits a multitude of users comfortably.
Generous Lumbar Curvature	Chadwick's ample lumbar curvature and tensioning in the back suspension area obviate the need for an additional lumbar pillow or attachment.
Flexing Arm Pads on Fixed and Adjustable Arms	Suspended design and shape allows the arm pads to flex for additional softness to alleviate pressure points on the wrists.
2 Adjustments: Tension Knob and Seat Height	With so much built in, Chadwick only needs two adjustments. They are highly obvious and virtually effortless to operate.

Optional Features	Benefits
Tilt Stop Control	Limits the recline in the upright position to 5 degrees.
Adjustable Arms: include soft suspension arm pads and width adjustment	Quickly adjusts with a single hand to fit multiple users. Width adjustment can be accomplished with 3/32" Allen wrench.
Adjustable Lumbar	Magnetic for easy installation, the additional lumbar provides a maximum range of adjustability.

To view fabrics online, refer to the Knoll Surface Library at [knoll.com](http://knoll.com) (go to the menu bar and click on "Products" and click on "Surface Library").

**Care:**  
Frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean, with a mild upholstery shampoo or the foam from a mild detergent. When using a cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxic materials. With any method, pretest a small area before proceeding. Use a professional furniture cleaning service when an overall soiled conditioned has been reached, or call Knoll Field Service at 800-445-5045 with questions.

BIFMA G1 Requirement	12.2" min.	14.2" min.	5.9" - 9.8"***	90° - 115°	10° min.
<b>Chadwick</b>	22.8"	18.5"	9" adjustable lumbar exceeds 5.9" - 9.9"	98.3°	29°

## Armrests

Armrest Height (Fixed)	Armrest Height (Adjustable)	Inside Distance between Armrest
7.9" - 9.8"	6.9" - 10.8"	18" min.
8.5"	6.9" - 9.4" (std) 8.3" - 10.8" (tall arm)	18.5" - 20.5"

\*Range achieved with single cylinder, or combination of cylinders. Chadwick standard cylinder is 15.9" - 20", high cylinder is 16.9" - 21.6", low cylinder is 15" - 19.1"  
 \*\*Adjustable: Include part of 0° to +4°      \*\*\*Adjustable: Includes part of 5.9" - 9.8"

<b>A</b> overall height	37.5" - 42"
<b>B</b> overall width	26.5"
<b>C</b> overall depth	25.5"
<b>D</b> adjustable arm height (from floor)	23" - 30"
fixed arm height (from floor) w/standard cylinder	25.3" - 29.8"
<b>E</b> adj. arm height (from seat reference point)	6.9" - 9.4" (std)
fixed arm height (from seat reference point)	8.3" - 10.8" (tall arm)
	8.5"
<b>F</b> recline range / ratio seat:back	94° - 123°/1 : 1.2°
<b>G</b> base diameter	27.3"
weight	36 lbs.

## Arm Options

	Arm height (from the seat pan)	Distance between Arm supports	Distance between Armpads	Armpad Movement Width
Fixed Arms	8.5"	21"	19.5"	NA
Adjustable Arms (Height and Width Adjustable)	6.9" - 9.4" (std) 8.3" - 10.8" (tall arm)	20.5"	18.5" - 20.5" (inward to outward)	1" per arm 2" total range

## Optional Adjustable Lumbar

## Chadwick Operating Instructions

**Synchronized Recline with Tilt Tension**  
Chadwick has a synchronized recline that allows the torso to open up while reclining. To customize the tension of the recline, adjust the tension knob. To decrease the tension, turn the tension knob clockwise (while seated in the chair), and turn it counterclockwise to increase the tension. The underside of the knob also indicates the instructions with arrows.

Front View

**Seat Height Adjustment**  
To raise the seat height, remove your weight from the chair while lifting the lever on the right side of the chair. To lower the seat height, lift the lever while sitting in the chair.

**Forward Tilt**  
Chadwick has a built-in forward tilt that automatically follows and supports the user in the forward posture for typing. No adjustment is required.

**Tilt Stop (Option)**  
The tilt stop is an upright tilt limiter. When specified, it is the lever on the left side of the chair. If your chair does not have a lever on the left side of the chair, it does not have this feature. The in-and-out lever design operates with an audible click, whereby "out" is engaged, "in" is not engaged.

**Spring Loaded Arms**  
Both fixed and adjustable arm pads have a spring suspension, which provides the user with arm pad softness and flexibility.

**Adjustable Arm Height (Option)**  
The arm height is adjusted by lifting the arm pads upward. No lever is required. Simply move the arms up in five,  $\frac{1}{2}$ " increments for a total of  $2\frac{1}{2}$ ". To lower the arms, lift them to the highest point and at the highest point pull up firmly; and they will return to the lowest point. The arm height adjustment is easy to maneuver with one hand.

**Adjustable Arm Width (Option)**  
The arm pads have a width adjustment of  $\frac{1}{2}$ " inward or  $\frac{1}{2}$ " outward for 1" in total adjustability on each side. A  $\frac{5}{32}$ " Allen wrench is required to adjust the arm pad width.

**Adjustable Lumbar (Option)**  
Chadwick has an adjustable lumbar support, if needed. It is secured to the chair with magnets for easy installation and a maximum range of adjustability.

Separate both halves of the lumbar support and place them in the desired position on your chair. Secure the support by putting both halves together around the back suspension fabric of the chair.

Adjust the lumbar by sliding the lumbar pad up and down the back of the chair.

Note: Contains magnets. Consult the Knoll lumbar support hangtag for more information.

### Order Code

Example: **7A8-1-SL-HC1009/7**

**7A8** Bulldog side armchair

**1** dark grey finish

**SL** sled base

**HC1009/7** Sequin CR/ Array

Example for Cal 133:

**7A8-1-SL-C-K909/2-133**

### Ordering Information

Specify:

1. Pattern number with finish color code
2. Upholstery selection with color

List prices shown include fabric or leather upholstery. Contact your Knoll representative for colors.

Finish colors:

Dark grey (code 1)

COM/COL ordering information:  
See Fabric Application and Selling Policy sections of the Price List.

## Description of Controls, Options and Construction

---

### For Executive, Management, Operational and High Task Chairs:

#### Executive Chairs, page 82

#### Management Chairs, page 84

#### Operational Chairs, page 86

#### High Task Chairs, page 88

---

#### Controls and Options

##### Advanced control:

360° swivel, synchronized tilt with tilt tension, forward tilt, variable position tilt stop, 4" back height and pneumatic seat height adjustments.

##### Basic 2 control:

360° swivel, synchronized tilt with tilt tension, tilt lock, variable position tilt stop, 4" back height and pneumatic seat height adjustments.

##### Sliding seat:

2 1/4" adjustment.

##### High performance arms:

Arm height adjusts 7" - 11" (4" total range) from the seat reference point. Arm support width adjusts 1 1/2" on each side (3" total range) via lever activation. Armpads rotate 42° (each arm) with locked positions in the rotation range. Armpads slide 1 1/2" forward via push button mechanism. Standard soft armpads.

##### Heavy-Duty Spring:

The heavy duty spring adds approximately 30% more tension to the chair, especially benefiting individuals in the upper percentiles. Please be advised that tension will not be as loose on the low end of the range. The heavy-duty spring is standard on the Executive chair and available as an option in the Management and Operational chairs.

#### Construction

##### Outer back shell:

Integrally colored, textured polypropylene.

##### Internal seat/back support shell:

Glass-reinforced polypropylene.

##### Upholstery:

High resilient, variable density molded, urethane foam with textile cover; seat cover top-stitched.

##### Sliding seat:

Steel plate and glass-reinforced nylon and nylon GS components.

*Note:* Cannot be specified with closed loop arm option.

##### Arms supports:

Integrally colored, textured, glass-reinforced polyester supports.

##### High performance arm supports:

Integrally colored, textured, glass-reinforced nylon and all other engineered thermoplastics with zinc die-cast housing.

##### Soft armpad:

Self skinning urethane molded over steel substrate. Soft armpad is standard on high-performance arm.

##### Column cover:

Integrally colored, textured polypropylene.

##### Base:

Integrally colored, textured, glass-reinforced nylon. Five-star design.

##### Footrest:

Die cast support element with resilient thermoplastic cover. Pneumatic operation.

##### Casters:

Black, integrally colored, textured nylon; 2" dual, hooded hard- or soft-wheel design.

##### Glides:

Black, integrally colored, molded nylon; does not reduce height of chair. Substitute "G" for "H" in pattern number; e.g. 7A1-1-B5G-H becomes 7A1-1-B5G-G.

---

#### Bulldog Anti-Static Seating

The Bulldog Electro-Static Dissipation (ESD) seating provides a safe solution for areas that are sensitive to static electricity. The chair is built to ground the electrical charge via the fabric to the ground. Special conductive textile (listed below) must be specified on the Bulldog ESD chairs. There is no ESD Option on High Back Professional, Professional and Side Chairs.

For sample cards of the ESD textile color options, please fax your request to Textiles Distribution Center at 800-308-7765.

QK3753901	Bilberry
QK3753902	Mushroom
QK3753903	Red
QK3753904	Persian
QK3753905	Juniper
QK3753906	Pearl Grey
QK3753907	Bordeaux
QK3753908	Corinth
QK3753909	Evergreen
QK3753910	Anthracite
QK3753911	Nut
QK3753912	Twilight
QK3753913	Black

---

## For Side Chairs:

**Side Chairs,  
page 90**

---

### **Construction**

*Outer shell:*

Integrally colored, textured polypropylene.

*Internal support shell:*

Glass-reinforced polypropylene.

*Upholstery:*

High resilient, molded, urethane foam with top-stitched textile cover.

*Frame:*

16-gauge steel tube with textured epoxy powder coat paint.

*Glides:*

Black, integrally colored nylon.

(Measurements of arm chairs, advanced control with pneumatic seat height adjustment, in inches.)

<b>Adjustable Arm Options:</b>	<b>Height</b> (from Seat Reference Point)	<b>Width Between Arms</b>	<b>Rotation</b>	<b>Pad Slide</b>	<b>Retrofittable</b>
High Performance Arms	7" - 11" (4" range) 	Oper. 18½" - 21½" Mgt/Exec. 21" - 24" (3" range for supports) Distance between arm supports 	42° total (21° left, 21° right) (fixed increment rotation) 	1½" forward 	Yes

### Seat Height Adjustment

For pneumatic seat height chairs, lift the handle on the right to adjust height. If your chair does not have pneumatic seat height, it has mechanical seat height. To raise, rotate the seat counterclockwise and to lower, rotate the seat clockwise.

### Tension Adjustment

Lean back and recline. Adjust tension if necessary. To adjust tension, reach under the front of the seat to find the knob. Turn left to tighten and right to loosen.

### Tilt Lock

On the left side of the chair, push the circular knob in to lock and pull out to unlock the tilt.

### Variable Tilt Stop

*(on all models with tilt lock)*

Using the same control as the tilt lock (see above), recline in the chair and push knob to set. This limits the amount of recline.

### Back Height Adjustment

*(2-piece chairs)*

Place both hands on the base of the back and lift to raise the back height. The back height adjusts 8 notches upward for a total of 4" adjustability. The 9th notch brings the back down to the lowest position.

### Forward Tilt

*(optional)*

Recline slightly and rotate the lever on the left side of the chair in a forward motion. Recline and rotate the same knob rearward to return to the original position.

### Sliding Seat Depth Adjustment

*(optional)*

Pull the lever located under the right side of the seat cushion to the rear of the arm. Slide the seat to the desired location. Release the lever in one of the six stops within the 2 1/4" range.

### Armpad Width

Remove the two screws under the armpad with a screwdriver. Remount the armpads 1/2" right or left of center for 1" of adjustability. Reinsert the screws.

### High Performance Arms

*(optional):*

#### Armpad Height

Lift the lever on the outside of the arm support for 4" of height adjustability.

### Arm Support Width

Lift the lever located beneath the arm support. Adjust the arm support to the desired width and tighten the lever by pushing it down. The arm supports can be adjusted 1 1/2" on each side for a total of 3" in width adjustment.

### Armpad Rotation

Lift slightly and rotate the armpads 21° right or left of center for a total of 42° in adjustability.

### Armpad Slide

Press on the buttons located on either side of the armpad and slide the armpad to the desired position.

#### Ordering Information

*Specify:*

1. Pattern number with finish information
2. Upholstery selection with color code

List prices shown include fabric or upholstery. Contact your KnollTextile representative for colors. For RPM upholstery colors, order an RPM Upholstery card by faxing your request to 800-308-7765 or log on to [www.exchange.knoll.com](http://www.exchange.knoll.com).

COM/COL ordering information: see page Fabric Application and Selling Policy sections of the Price List.

*Finish colors:*

Black finish (code 2)  
and black levers

#### Options

Code:	Upchg:	Description:
G	n/c	glides (substitute G for H at the end of pattern number. Example: 8A4-2-A5GG)
R	\$45	soft caster for hardwood floors (substitute R for H in pattern number)
C	\$118	CAL 133 (add C after pattern number and add "133" after upholstery code)

#### Construction

*Outer shells:*  
Integrally colored, textured polypropylene.

*Seat structure:*  
Glass-reinforced nylon with steel connectors (for basic control, laminated plywood).

*Back and J-Bar structure:*  
Glass-reinforced nylon, ABS and steel connector plate.

*Cushions and upholstery:*  
Insert molded high resilient urethane foam. Back is permanently bonded to CFC free foam. RPM grade covers are knitted to fit the cushion.

*Fixed height arms/high performance arms:*  
Integrally colored, textured glass-reinforced nylon.

*Armpads:*  
Molded urethane and steel substructure.

*Base:*  
Integrally colored, textured, glass-reinforced nylon.

*Footring:*  
Steel chromed tubing, cast aluminum support spokes, rubber bushing with integrally colored nylon knob, mechanical operation.

*Casters and glides:*  
Black, integrally colored, textured nylon.

Compliance: ANSI/BIFMA x5.1 - 1993, BIFMA G1-2002 Ergonomic Standard, Cal 117, Cal 133 (with approved FR upholstery)  
Operating Instructions also available online at [www.knoll.com](http://www.knoll.com)

#### Tilt Tension

On the right side of the seat, there is a retractable knob which facilitates the adjustment when the knob is extended. Turn the knob forward to tighten and backward to loosen. When finished, tuck the knob under the seat.

#### Seat Depth

The sliding seat activation is located underneath the seat on the front, left-hand side of the control. The adjustment mechanism is a button that has a space for two fingers. To activate, push up on the button and move the seat forward or backward. There are 4 positions within a 2" range. *(on Advanced Models only)*

#### Seat Height

While seated, lift the lever on the right side of the chair to lower seat height. Remove your weight from the chair and lift the handle to raise the chair to the highest position.

#### High Performance Arms

High Performance arms are controlled by the lever next to the armpad and from the knob beneath the arm support.

#### Back Height

Press the lever on the bottom of the right side of the back cushion to reposition the back height within a four inch range. It is necessary to press the lever to make the back move.

#### Arm Height and Armpad Pivot

Press the lever next to the armpad to adjust the arm height and to set the arm pivot in one of three fixed positions.

#### Multiple Stop Tilt Lock and Upright Tilt Lock

To lock the chair upright or in a reclined position, lift the lever on the front left side of the chair. Push down on the lever and recline to unlock the chair.

#### Arm Width

Loosen the knob under the arm support to adjust the arm support placement on the chair. There is a 2" total width adjustment for all arms (fixed and height-adjustable)

#### Forward Tilt

The forward tilt button is located on the rear, left-hand side of the control—to activate, push the lever in, lift your weight off the seat, and pull up on the rear of the seat to tilt it forward.

# RPM Chair Control Index

control	feature	explanation
Advanced Control	Synchronized tilt (1 : 1.9)	back reclines 1.9 times faster than seat
	Tilt lock (5 positions)	chair can be locked in upright and reclined positions
	Forward tilt (3°)	chair locks in a forward tilting position for intensive keyboarding application
	4" back height	allows for correct positioning of lumbar support
	2" seat depth adjustments	seat adjusts in depth to provide proper support under the legs of both taller and shorter users
	Retractable tension	tension knob is easy to reach and tucks out of the way when not in use
	Instructions	easy to reach instruction card attached to chair makes adjusting the chair easy for everyone
	Dual J-Bar	provides additional support for the back
Basic Control	360° swivel

**EWC Pro Task Chair**

**EWC Pro Side Chair**

## EWC Pro High-back and Mid-back Task Chairs

### Seat Height

To raise the seat height, remove your weight from the chair while lifting the lever under the right side of the seat. To lower the seat height, lift the lever while sitting in the chair.

### Adjustable Arm Width

To adjust the arm width, loosen the knob under the arm support by turning clockwise. Slide the support toward or away from the seat to adjust the arm width. Tighten the knob under the arm. The arms adjust 1" in width per side (2" total).

### Tilt Lock

To recline, pull out the lever under the right side of the seat. To lock the chair upright, push the lever in.

### Adjustable Arm Height (Optional)

To adjust the arm pad height, lift the lever on the outside of the arm support and move the arm up or down. Release the lever to lock. The arms have a 3.5" range of adjustment.

### Tilt Tension

To adjust the tilt tension, turn the knob under the front of the seat. Turn counterclockwise to tighten, and clockwise to loosen.

### Sliding Seat Depth Adjustment (Optional)

To adjust the seat depth, lift the lever under the left side of the seat and slide the seat to the desired location. Release the lever to lock. There are 6 positions within a 2.75" range.

### Back Height (Task chairs only)

To raise the back height, firmly hold both sides of the back and lift. The back height adjust 9 notches upward for a total of 2.5" of adjustability. To lower the back height, first raise the back to the highest position; the top notch releases the back to the lowest position.

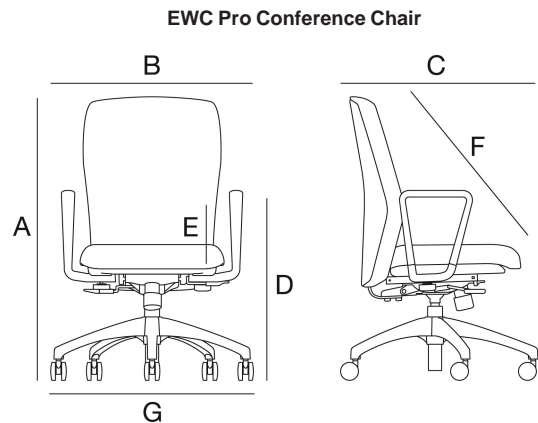

## EWC Pro Side Chair

### This is a stacking side chair.

Chairs should not be stacked more than 3 units high. To stack chairs, place the rear legs of the top chair in front of the rear legs of the bottom chair. The bottom of the top chair's seat should rest on the lower chair's seat.

## EWC Pro High-back and Mid-back Conference Chairs

### Seat Height

To raise the seat height, remove your weight from the chair while lifting the lever under the right side of the seat. To lower the seat height, lift the lever while sitting in the chair.

### Adjustable Arm Width

To adjust the arm width, loosen the knob under the arm support by turning clockwise. Slide the support toward or away from the seat to adjust the arm width. Tighten the knob under the arm. The arms adjust 1" in width per side (2" total).

### Tilt Lock

To recline, pull out the lever under the right side of the seat. To lock the chair upright, push the lever in.

### Sliding Seat Depth Adjustment (Optional)

To adjust the seat depth, lift the lever under the left side of the seat and slide the seat to the desired location. Release the lever to lock. There are 6 positions within a 2.75" range.

### Tilt Tension

To adjust the tilt tension, turn the knob under the front of the seat. Turn counterclockwise to tighten, and clockwise to loosen.

**EWC Tech Task Chair**

**EWC Tech Side Chair**

## EWC Tech Task Chairs

### Seat Height

To raise the seat height, remove your weight from the chair while lifting the lever under the right side of the seat. To lower the seat height, lift the lever while sitting in the chair.

### Adjustable Arm Width

To adjust the arm width, loosen the knob under the arm support by turning clockwise. Slide the support toward or away from the seat to adjust the arm width. Tighten the knob under the arm. The arms adjust 1" in width per side (2" total).

### Tilt Lock

To recline, pull out the lever under the right side of the seat. To lock the chair upright, push the lever in.

### Adjustable Arm Height (Optional)

To adjust the arm pad height, lift the lever on the outside of the arm support and move the arm up or down. Release the lever to lock. The arms have a 3.5" range of adjustment.

### Tilt Tension

To adjust the tilt tension, turn the knob under the front of the seat. Turn counterclockwise to tighten, and clockwise to loosen.

### Sliding Seat Depth Adjustment (Optional)

To adjust the seat depth, lift the lever under the left side of the seat and slide the seat to the desired location. Release the lever to lock. There are 6 positions within a 2.75" range.

## EWC Tech Side Chair

### This is a stacking side chair.

Chairs should not be stacked more than 3 units high. To stack chairs, place the rear legs of the top chair in front of the rear legs of the bottom chair. The bottom of the top chair's seat should rest on the lower chair's seat.

**EWC Sport Task Chair**

## EWC Sport Task Chairs

### Seat Height

To raise the seat height, remove your weight from the chair while lifting the lever under the right side of the seat. To lower the seat height, lift the lever while sitting in the chair.

### Adjustable Arm Width

To adjust the arm width, loosen the knob under the arm support by turning clockwise. Slide the support toward or away from the seat to adjust the arm width. Tighten the knob under the arm. The arms adjust 1" in width per side (2" total).

### Tilt Lock

To recline, pull out the lever under the right side of the seat. To lock the chair upright, push the lever in.

### Adjustable Arm Height (Optional)

To adjust the arm pad height, lift the lever on the outside of the arm support and move the arm up or down. Release the lever to lock. The arms have a 3.5" range of adjustment.

### Tilt Tension

To adjust the tilt tension, turn the knob under the front of the seat. Turn counterclockwise to tighten, and clockwise to loosen.

### Sliding Seat Depth Adjustment (Optional)

To adjust the seat depth, lift the lever under the left side of the seat and slide the seat to the desired location. Release the lever to lock. There are 6 positions within a 2.75" range.

### Back Height (Task chairs only)

To raise the back height, firmly hold both sides of the back and lift. The back height adjust 9 notches upward for a total of 2.5" of adjustability. To lower the back height, first raise the back to the highest position; the top notch releases the back to the lowest position.

#### COM/COL Textile Requirement

chair fabric  
yds.  
.75

*COM Policy:*  
Please see COM Process Overview at the beginning of this Price List.

SoHo chairs are designed to comply with and exceed the safety and durability requirements applicable to office chairs, according to the following national standards:

ANSI-BIFMA x5.1

ANSI-HFES 100 (except nonupholstered version)

California Technical Bulletin 117 (CAL117)

Upholstery on SoHo chairs is standard either on seat only, or on seat and back. Seat and back pads are shipped mounted to the chairs, and can be removed and reattached with special instructions from Customer Service.

#### *Split upholstery option:*

SoHo Chair seats and backs can be upholstered in any two fabric colors on standard lead time orders. To specify, first indicate the seat upholstery (labeled “seat upholstery”) and then indicate the back upholstery (labeled “back upholstery”). The list price of the chair equals the list price of the higher of the two upholstery grades.

#### **KnollTextiles and Spinneybeck Leathers**

Please refer to the matrices at the beginning of the price list for Approved Textiles and Leathers.

\*Measurement changes among chair types.

Visor Armless Chair

Pivot back is standard.

**Stacking**

- Armless chairs stack 10 high (58" from the floor).
- Chair stack vertically.
- Armless chairs stack by placing one chair directly on top of the other. Be sure the rear legs of the top chair rest directly on the rear legs of the chair below.

**Ganging Option**

- Chairs gang armless to armless or armed to armless.
- Ganging hardware ships installed when specified on the chair.
- Ganging hardware may also be installed in field. In this case, the ganging hardware must be ordered as a retrofit kit. When attached, the ganging hardware is a permanent part of the chair.

Visor Arm Chair

Pivot back is standard.

**Stacking**

- Arm chairs stack 5 high (43 1/2" from the floor).
- Chairs stack vertically.
- Arm chairs stack by placing one chair directly on top of the other. Be sure the rear legs of the top chair rest directly on the rear legs of the chair below.

Configuration Instructions also available online at [www.knoll.com](http://www.knoll.com)

# Selling Policy

---

	<p>This Selling Policy supercedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.</p>
<b>Terms &amp; Conditions of Sales</b>	<p>Sales by Knoll, Inc. or Knoll North America Corp. ("Seller") of Knoll Product Lines (hereinafter "Products") within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser's assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supercede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.</p>
<b>Ordering Information</b>	<p>All orders must be in writing. The product pattern number(s) contained on Seller's order acknowledgement shall be the final expression of the order.</p>
<b>Order Confirmation</b>	<p>A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.</p>
<b>Pricing Policies</b>	<p>List prices are subject to change without notice.</p> <p>List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller's list prices.</p>
<b>Taxes</b>	<p>All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.</p>
<b>Terms of Payment</b>	<p>Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than \$100,000 net, a one-third (1/3) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.</p> <p>KnollStudio orders less than \$2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than \$2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.</p> <p>If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance.</p> <p>Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney's fees and costs.</p>
<b>Changes and Cancellation</b>	<p>Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.</p>
<b>Freight Prepaid</b>	<p>Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States and Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from conditions over which the Seller has no control. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. All shipments shall be tailgate deliveries. Freight for all KnollTextiles orders is prepaid and added to the invoice.</p>
<b>Delivery/Freight Charges</b>	<p>Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin.</p> <p>For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.</p> <p>Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.</p> <p>Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser's request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.</p> <p>Partial shipments may be made and invoiced by Seller.</p>
<b>Claims</b>	<p>All shipments for all Knoll Products within the contiguous United States and Canada are F.O.B. Origin. Risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to make a claim against carrier or notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. Seller will agree to repair or replace Product damaged in shipment if Purchaser has notified Seller of freight damage within ten (10) working days after receipt and assigns its rights against the carrier.</p>
<b>Seller's Security Interest</b>	<p>Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.</p>
<b>Returns</b>	<p>The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.</p>
<b>Held Orders/Storage</b>	<p>If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.</p>

# Selling Policy

<b>Customer's Own Material</b>	A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.
<b>Warranty</b>	<p>Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.</p> <p>Warranty period set forth below for <i>Bulldog, Chadwick, Essentials Work Chairs, Life, Open Up, RPM, Sapper</i> and <i>SoHo</i> seating is for 24-hour, 7 days a week, multi shift use.</p> <p>Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.</p> <p><i>Product and Period of Warranty</i></p> <p><i>Lifetime: AutoStrada, Calibre, Crinion Open Table, Currents, Dividends Horizon, Equity, Morrison, Reff</i> laminate, <i>Series 2 Storage</i> and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, <i>Series 2 Veneer Front Storage</i>, special or custom products or other materials specifically called out below, see below)</p> <p><i>10 Years: AutoStrada, Crinion Open Table, Reff</i> wood components, <i>Series 2 Veneer Front Storage, Wood Casegoods (Magnusson, The Graham Collection), Interaction</i> tables (except height adjustment mechanisms for <i>Counterforce</i>, crank-adjustable, and split-top tables and worksurfaces, see below), <i>Reuter</i> overheads, <i>Reuter</i> vertical storage, <i>Bulldog, Chadwick, Essentials Work Chairs, Life, RPM</i> and <i>Sapper</i> seating structural and operational parts, controls, casters, pneumatic cylinders, seat and back mesh (except seating upholstery, finishes and labor, wood casegoods upholstered surfaces, see below)</p> <p><i>5 Years: Operational parts, controls, electrical (except light ballasts and bulbs, see below), cascade edge worksurfaces, special or custom product, wood veneer products, A3, Currents</i> handcrank, <i>Interaction Counterforce, Interaction</i> crank-adjustable, and split-top mechanisms, <i>KnollStudio, KnollExtra</i> adjustable keyboard supports, VDT carousel, monitor platform, equipment storage drawers and all universal storage drawers, <i>Open Up, SoHo</i> and <i>Visor</i> seating structural and operational parts, controls, pneumatic cylinders (except seating upholstery, finishes and labor, see below)</p> <p><i>3 Years: Upholstery, finishes and labor to repair the following chairs: Bulldog, Chadwick, Essentials Work Chairs, Life, Open Up, RPM, Sapper</i> and <i>SoHo.</i></p> <p><i>2 Years: All other KnollExtra</i> product</p> <p><i>1 Year: Light ballasts and bulbs, seating upholstered armpads and soft armpads, wood casegoods upholstered surfaces, Visor</i> finishes and labor to repair.</p> <p>This warranty does not apply to:</p> <ul style="list-style-type: none"><li>• Damage caused by a carrier other than the Seller.</li><li>• Normal wear and tear or acts or omissions of parties other than Seller (including user modification).</li><li>• COM or other third party materials applied to Products.</li><li>• Products not installed by or under the auspices of a certified dealer of Seller.</li><li>• Dramatic temperature variations or exposure to unusual conditions.</li><li>• Except as specifically noted above, textiles and upholstery supplied by <i>KnollTextiles</i> (consult current <i>KnollTextiles</i> price list for applicable warranty).</li></ul> <p>Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.</p> <p>THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.</p> <p>The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.</p>
<b>Delay/Force Majeure</b>	Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.
<b>Compliance with Law</b>	PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.
<b>Patents</b>	<p>Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.</p> <p>The foregoing indemnity does not apply to the following:</p> <ul style="list-style-type: none"><li>• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.</li><li>• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.</li><li>• Any settlements of a suit or proceeding made without Seller's written consent.</li></ul>
<b>Limitations of Liability</b>	<p><b>SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.</b></p> <p>Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.</p>

# General Ordering Information

---

## **The Products**

This guide encompasses all standard products for this product group.

## **Sizes**

Dimensions listed in this guide are indicated as:

H = height

W = width

D = depth

Dia. = diameter

Rad. = radius

## **Pricing**

All prices shown are list.

## **How to Order**

Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item's "designated area" can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

## **Mail all orders to:**

Knoll, Inc.

1235 Water Street

P.O. Box 157

East Greenville, PA 18041

Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

## Sustainability Statement

---

Sustainable design is a key component of Knoll's environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such "green" initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to [knoll.com](http://knoll.com), click on "About Knoll" and then "Environmental Focus."
