Certified Sustainable to the Triple Bottom Line: Good for the Environment, the Economy and for Social Equity

Knoll Remix® Chair

To achieve SMaRT® Sustainable Product Certification at any level, products must achieve 14 prerequisite points and score a minimum of 28 out of 162 points in the following areas covering all product stages across the global supply chain:

- Safe for Public Health & Environment
- Renewable Energy & Energy Reduction
- Biobased or Recycled Materials
- Facility or Company Requirements
- Reclamation, Sustainable Reuse & End of Life Management
- Innovation in Manufacturing

Under these areas, products are required to:

- Provide Feedstock Inventory Documentation
- Document the Input and Output of Stockholm Chemicals
- Maintain a Manufacturing Facility Energy Inventory
- Keep an Inventory of all Biobased and Recycled Content Materials
- Have EMS Environmental Policies and Targets
- Have Social Indicator Reporting for Manufacturers (working conditions)
- Use ISO Life Cycle Assessment process
- Have Operational Reclamation and/or Sustainable Reuse Programs
- Have Product Performance Durability (long lasting products)

To earn a Sustainable Gold rating, the Knoll Remix chair earned 88 points:

Area	Points	Requirement
Safe for Public Health & Environment	30	GREENGUARD Gold SM certified
Renewable Energy & Energy Reduction	29	Lubin Manufacturing Facility offsets 100% of electricity used at site with wind energy
Biobased or Recycled Materials	6	60% Recycled Content
Facility or Company Requirements	15	Completed ISO Life Cycle Assessment
Reclamation, Reuse & End of Life	3	
Innovation in Manufacturing	5	

30 points:

Safe for Public Health & Environment
GREENGUARD GoldSM certified

29 points:

Renewable Energy & Energy Reduction
Lubin Manufacturing Facility offsets 100% of electricity used at site with wind energy

6 points:

Biobased or Recycled Materials
60% Recycled Content

15 points:

Facility or Company Requirements
Completed ISO Life Cycle Assessment

3 points:

Reclamation, Reuse & End of Life

5 points:

Innovation in Manufacturing
