

Jamaica Barstool
Pepe Cortés

KnollStudio

JAMAICA® BARSTOOL Designed by Pepe Cortés, the Jamaica barstool features a contoured seat that swivels 360°, complimented by a tubular metal frame that is both sturdy and light weight. The collection is comprised of bar and counterheight stools and is accompanied by a low stool on casters that are 100% recyclable. The sculpted seat pan is available in hand polished Aluminum or a durable white or black nylon.

PEPE CORTES Founder of the Grupo Abierto de Diseño, a multidisciplinary design group, this Spanish-born interior designer counts among his numerous projects a collaboration with Oscar Tusquets on restaurant furnishings and Javier Mariscal on furniture design. He has also designed retail stores and offices in Spain and abroad.
