

SM2 Lounge Collection
Peter Shelton and Lee Mindel

SM2 LOUNGE COLLECTION Shelton Mindel's SM2 Lounge Collection creates an optimally scaled furniture landscape based on a classic cube. The juxtaposition of a crisp, unobtrusive tailored outer shell frame with a loose, plush interior cushion enlivens the design. The frame and cushions may be specified in virtually limitless combinations of fabric and leather. Ideal for reception areas and living rooms, the Collection includes a lounge chair, settee and sofa.

PETER SHELTON AND LEE MINDEL Founded in 1978, Shelton Mindel & Associates is a renowned leader in modern architectural, interior and product design solutions for corporate and residential clients. Recognized for its strong, elegant designs in the tradition of Florence Knoll, the firm, under the guidance of Peter Shelton and Lee Mindel, has won praise for its design rigour, intelligence, originality and integrity. Employing a thorough creative process in which objects are pared down to reveal a clear and concise design concept, the Shelton Mindel Collection includes an innovative wood side chair, two lounge seating collections and a table series.
