

Sports Apparel Company

Sector Focus: Consumer Products

When this global leader in sports apparel, moved to its new location in Woodridge, Ontario, the Company worked with Knoll to create a space that reflects a youthful, active lifestyle and brings all the Company's brands together in one state-of-the-art facility.

The Company selected AutoStrada™ for its private offices, offering carefully considered details and innovative design. Antenna® Workspaces overhead storage and Calibre lateral files maximize storage options and Sapper™ Monitor Arms integrate seamlessly into a variety of environments. In the Company's workstations, Dividends Horizon® creates a sense of

community while acknowledging structured space. Template and Calibre storage solutions offer clean lines and smart storage options. The Company's board room and touch-down stations also feature AutoStrada™ AS-4 Crinion Open Tables™, creating high-performance, collaborative spaces. Generation by Knoll® and MultiGeneration by Knoll® seating, which are featured throughout the office, offer a new standard of comfort and unrestrained movement, allowing for free expression, creativity and engagement at work. The Company's cafes feature Saarinen Executive Chairs and Bertioia Barstools from KnollStudio.
