Knoll and Sustainable Design

Each year Knoll sets key initiatives in our journey to sustainability. We are members of a global consortium on energy, have adopted a scientific, metrics-based approach to sustainable product design, and maintain a leadership position in establishing universal, verifiable, sustainability standards for our industry.

Knoll promotes independent third-party certification because it provides the most impartial and trustworthy foundation for industry-wide environmental compliance. Certification by established and respected third parties ensures that all manufacturers are held to the same high standards and that customers can trust a company's declaration about the environmental benefits of its products. Knoll third-party partners include: the International Standards Organization (ISO); Forest Stewardship Council (FSC); GREENGUARD® Environmental Institute; and Chicago Climate Exchange (CCX®).

In addition, Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

1. Global Climate Change

- Knoll is a sponsor of the Clinton Global Initiative, which brings together a community of global leaders to devise and implement solutions to some of the world's most pressing challenges, including environmental change.
- Knoll is a member of the Chicago Climate Exchange, which promotes greenhouse gas reduction through the trading of credits earned for reducing emissions.
- Knoll has a comprehensive Energy Management Program to increase energy efficiency in products and processes.

2. Life Cycle Assessment (LCA) Tool

Life Cycle Assessment is a science-based measurement of a product's environmental impacts throughout its life cycle, from raw materials sourcing through manufacture, shipping, use, and re-use or end-of-life. LCA enables cradle-to-cradle implementation of sustainable practices.

- Knoll partners with The Green Standard.org (formerly the International Design Center for the Environment, or IDCE) to develop an affordable, universal, ISO-compliant computer-based LCA tool that can be used by the entire contract furniture industry.

An affordable universal LCA tool has enormous potential value to:

- Help stop dangerous and irreversible climate change
- Conserve natural resources and reduce waste
- Improve quality of life
- Eliminate market confusion about green products using real metrics and sound science
- Facilitate design innovation
- Advance the sustainability triple bottom line: environment, economics and social equity

3. Setting Industry Standards

- Knoll partners with MTS (Market Transformation to Sustainability) to develop the SMART® Standard, a set of consensus-based sustainable product standards based on the LEED® model, for all building products, fabric, apparel, flooring and carpet. MTS, the developer of the SMART Standard, is an accredited American National Standards Institute (ANSI) standard developer.
- Knoll also participates in an ongoing BIFMA (Business and Institutional Furniture Manufacturers Association) initiative to establish sustainability standards for the contract furniture industry.
- Our goal is to encourage all manufacturers in the contract furniture and related industries to adopt standards that will lead to sustainable products and practices.

For more information about Knoll environmental, health and safety programs, visit knoll.com/environment.

All dimensions in this price list are nominal and follow standard size convention of its respective product line.

72	72" right width
S	24" right width
L	Left side post covered
G	Grommet
117	Soft Grey laminate
117	Soft Grey edge
117	Soft Grey trim

Specification Information

Specify laminate, vinyl trim, and grommet colors when applicable.

All support bracketry must be ordered separately.

Note:
If and edge grommet is not desired remove the "G" and deduct \$20.

Application Notes

Blended worksurfaces are designed to take the place of two adjacent worksurfaces by blending them into one top. The front of the work surface is curved to provide a smooth transition to the next attached work surface.

Blended worksurfaces are handed and may or may not cover a post on either or both sides. Hand is determined from the seated position. Option suffixes for Blended corners are as follows:
 X=No posts covered
 L=Left side post covered
 R=Right side post covered
 B=Both sides posts covered

Blended peninsulas are handed and always cover one post. Hand is determined from seated position. Rounded end is 30" deep.

Depth options are as follows:
 S=24" deep
 D=30" deep

Center support must be used for all surfaces which exceed 48" in length.

Example: **EW3BS3672SLG, 117, 117**

EW3B	Blended worksurface
S	24" left depth
36	48" left width
72	72" right width
S	24" right depth
L	Left side post covered
G	Grommet
117	Soft Grey laminate
117	Soft Grey edge

Specification Information

Specify laminate, vinyl trim, and grommet colors when applicable.

All support bracketry must be ordered separately.

Note:
If an edge grommet is not desired, remove the "G" and deduct \$20.

Application Notes

Blended worksurfaces are designed to take the place of two adjacent worksurfaces by blending them into one top. The front of the worksurface is curved to provide a smooth transition to the next attached worksurface.

Blended worksurfaces are handed and may or may not cover a post on either or both sides. Hand is determined from the seated position. Option suffixes for Blended corners are as follows:

X=No posts covered
L=Left side post covered
R=Right side post covered
B=Both sides posts covered

Blended peninsulas are handed and always cover one post. Hand is determined from seated position. Rounded end is 30" deep.

Blended peninsulas do not come with grommets. Due to this, the worksurface meeting the "c" side will have a one-half grommet where the return meets the peninsula.

Depth options are as follows:
S=24" deep
D=30" deep

Center support must be used for all surfaces which exceed 48" in length.

MP3	Panel
W	Window
22	Height
30	Width
C	Window finish
613	Frame finish
Q	Standard Special

Specification Information

Specify glazing for windows:
 C- Clear tempered glass
 S- Smoked acrylic
 T- Translucent acrylic

Frame finish

Application Notes

Windows mount on any height Morrison vertical panel of the same width with add-on connectors or full height connectors.

All windows are 1/4" less than nominal height to allow for a 1/4" horizontal reveal with light seal.

9"H windows may be mounted on 30"H and 39"H vertical panels and connected, respectively, with standard 39"H and 48"H connector tracks and post assemblies.

16"H windows may be mounted on 48"H and 64"H vertical panels and connected, respectively, with standard 64"H and 80"H connector tracks and post assemblies.

18"H windows may be mounted on 30"H and 56"H vertical panels and connected, respectively, with standard 48"H and 74"H standard connector tracks and post assemblies.

22"H windows may be mounted on 42"H vertical panels and connected with standard 64"H connector tracks and post assemblies.

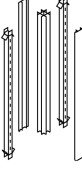

32"H windows may be mounted on 48"H vertical panels and connected with standard 80"H connector tracks and post assemblies.

Full height 48" and 64" connectors permit cantilevered shelves and overhead cabinets.

Two 16"H windows may be mounted on a 48"H upholstered panel only when using 80"H full height connector tracks and post assemblies.

Morrison Connectors, post assemblies *straight upholstered*

MW2	Worksurface, 1 3/4" thick
S	Straight worksurface
18	Width
24	Depth
A	Grommets
117	Surface finish
Q	Standard Special

Specification Information

Grommets/no grommets:

A- Worksurfaces include 3" grommet in each back corner leading into desk support or wire manager.

B- Worksurface does not include grommets.

Specify surface finish

All worksurfaces are U.L.-listed.

Application Notes

24"D worksurfaces are used interchangeably as shallow main surfaces, extensions or credenza tops. They must be supported at each end by a pedestal, end panel, end support cantilever or cantilever bridging bracket with a maximum span of 60" between supports.

All worksurfaces have threaded metal inserts at all end panel, desk support and bracket locations and pilot holes at pedestal locations.

Use 18"D pedestals with 24"D worksurfaces for full wire management capability in desk or panel applications.

All straight worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.

Plastic laminate worksurfaces are post-formed top and bottom, front and back.

Veneer Group 1 worksurfaces are quartered Techgrain®.

Veneer Group 2 worksurfaces are rift cut Techgrain®.

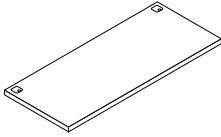

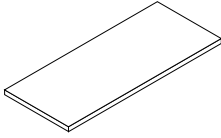

Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

Worksurfaces with grommets are bored to accept and are shipped with wire manager clips.

Panel supported worksurfaces over 60" must be mid-span supported by MB2-C18 bracket, specified separately.

Order Code	Specification Information	Application Notes
Example: MW2-S3818-B-117-Q	<i>Grommets/no grommets:</i>	18"D worksurfaces are used interchangeably in desk and panel system applications as shallow main surfaces, extensions, or credenza tops. They must be supported at each end by a pedestal, end panel, end support cantilever or cantilever bridging bracket with a maximum span of 60" between supports.
MW2 Worksurface 1 3/4" thick	A- Worksurfaces include 3" grommet in each back corner leading into desk support or wire manager.	18"D worksurfaces with desk supports or filler panels do not accept pedestals.
S Worksurface type	B- Worksurface does not include grommets.	All worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.
38 Width	Specify surface finish	Veneer Group 1 worksurfaces are quartered Techgrain®.
18 Depth	All worksurfaces are U.L.-listed.	Veneer Group 2 worksurfaces are rift cut Techgrain®.
B No grommets		Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

Specificatin Information

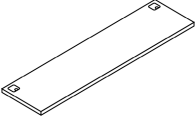

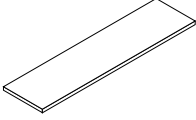

Grommets/no grommets:
 B- worksurface does not include grommets
 R- worksurface includes 3" grommets recessed for use with 6" recessed desk support.
 Specify surface finish.
 All worksurfaces are U.L.-listed.

Application Notes

36"D desks may be planned with 6" recessed desk support and 24"D pedestals or end panels, or 29" or 35"W universal end panels with kneehole filler. 36"D worksurfaces do not accept privacy screens.
 Plastic laminate worksurfaces are post-formed top and bottom, front and back.
 All straight worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.
 Panel supported worksurfaces over 60" must be mid-span supported by MB2-C18 bracket, specified separately.
 Veneer Group 1 worksurfaces are quartered Techgrain®.
 Veneer Group 2 worksurfaces are rift cut Techgrain®.
 Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

117	Surface finish
Q	Standard Special

Specification Information

Grommets/no grommets:

A- Worksurfaces include 3" grommet in each back corner leading into desk support or wire manager.

B- Worksurface does not include grommets.

Specify surface finish.
1 1/4" worksurfaces are 3-ply, solid core construction with threaded metal inserts at all end panel, desk support and bracket locations and pilot holes at pedestal locations.

Worksurfaces with grommets are bored to accept and are shipped with wire manager clips.

All worksurfaces are U.L.-listed.

Application Notes

18"D worksurfaces are used interchangeably in desk and panel system applications as shallow main surfaces, extensions, or credenza tops. They may be supported at each end by an 18" end support bracket, 18" cantilever bracket, 18"W conference end panel, 18"D pedestal, or 12"W end panel (MN2-E12) in conjunction with a desk support.

18"D worksurfaces with desk supports do not accept pedestals.

All worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.

Panel-supported 1 1/4" worksurfaces over 48" must be mid-span supported by MB2-C18 bracket, specified separately.

Veneer Group 1 worksurfaces are quartered Techgrain®.

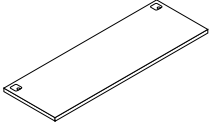

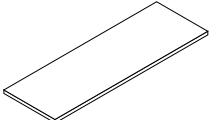

Veneer Group 2 worksurfaces are rift cut Techgrain®.

Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

Suspended pedestals may not be used with 1 1/4" worksurfaces

Specification Information

- Grommets/no grommets:*
- A- worksurface includes 3" grommet in each back corner leading into desk support or wire manager clips.
 - B- worksurface does not include grommets
- Specify surface finish.

1 1/4" worksurfaces are 3-ply, solid core construction with threaded metal inserts at all end panel, desk support and bracket locations and pilot holes at pedestal locations.

All worksurfaces are U.L.-listed. Plastic laminate worksurfaces are post-formed top and bottom, front and back.

Application Notes

36"D worksurfaces are used interchangeably in desk and panel system applications as main surfaces, extensions or credenza tops. They can be supported at each end by 30" end support bracket, 30" cantilever bracket, 36" flat bracket, 30"W end panel, 24"D pedestal or end panel in conjunction with desk support, or 30"D pedestal.

All straight worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.

Panel-supported 1 1/4" worksurfaces over 48" must be mid-span supported by MB2-C18 bracket, specified separately.

Worksurfaces with grommets are bored to accept and are shipped with wire manager clips.

Suspended pedestals may not be used with 1 1/4" worksurfaces.

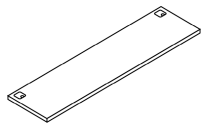

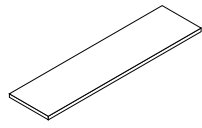

Veneer Group 1 worksurfaces are quartered Techgrain®.

Veneer Group 2 worksurfaces are rift cut Techgrain®.

Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

Order Code

Example:	MU1-S4418-B-117-Q
MU1	Worksurface 1 1/4" thick
S	Worksurface type
44	Width
18	Depth
B	No grommets
117	Surface finish
Q	Standard Special

Specification Information

B: Worksurface does not include grommets.

Specify surface finish.

1 1/4" worksurfaces are 3-ply, solid core construction with threaded metal inserts at all end panel, desk support and bracket locations and pilot holes at pedestal locations.

All worksurfaces are U.L.-listed.

Application Notes

18"D worksurfaces are used interchangeably in desk and panel system applications as shallow main surfaces, extensions, or credenza tops. They may be supported at each end by an 18" end support bracket, 18" cantilever bracket, 18"W conference end panel, 18"D pedestal, or 12"W end panel (MN2-E12) in conjunction with a desk support.

18"D worksurfaces with desk supports do not accept pedestals.

All worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.

Panel-supported 1 1/4" worksurfaces over 48" must be mid-span supported by MB2-C18 bracket, specified separately.

Veneer Group 1 worksurfaces are quartered Techgrain®.

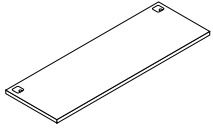

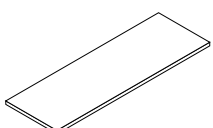

Veneer Group 2 worksurfaces are rift cut Techgrain®.

Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

Suspended pedestals may not be used with 1 1/4" worksurfaces

117	Surface finish
Q	Standard Special

Specification Information

Grommets/no grommets:

A- worksurface includes 3" grommet in each back corner leading into desk support or wire manager clips.

B- worksurface does not include grommets

Specify surface finish.

1 1/4" worksurfaces are 3-ply, solid core construction with threaded metal inserts at all end panel, desk support and bracket locations and pilot holes at pedestal locations.

All worksurfaces are U.L.-listed.

Plastic laminate worksurfaces are post-formed top and bottom, front and back.

Application Notes

30"D worksurfaces are used interchangeably in desk and panel system applications as main surfaces, extensions or credenza tops. They can be supported at each end by 30" end support bracket, 30" cantilever bracket, 30" flat bracket, 30"W end panel, 24"D pedestal or end panel in conjunction with desk support, or 30"D pedestal.

All straight worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.

Panel-supported 1 1/4" worksurfaces over 48" must be mid-span supported by MB2-C18 bracket, specified separately.

Worksurfaces with grommets are bored to accept and are shipped with wire manager clips.

Suspended pedestals may not be used with 1 1/4" worksurfaces.

Veneer Group 1 worksurfaces are quartered Techgrain®.

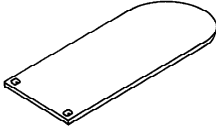

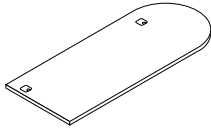

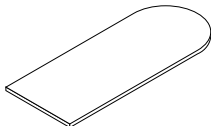

Veneer Group 2 worksurfaces are rift cut Techgrain®.

Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

 D- 30"D side edge

Specify surface finish.

1 1/4" curvilinear surfaces are solid core construction with threaded metal inserts at desk support and all bracket locations.

All worksurfaces are U.L.-listed.

All P-shape worksurfaces have 2 grommets at 48" end for use with 48" desk and overhead supports.

Application Notes

P-shape curvilinear worksurfaces may be used interchangeably in desk and panel system applications. They may be supported by a 48" VDT support bracket kit, or 48" desk support and 6" end panel, in conjunction with rounded end support column. Use flat bracket or bridging bracket to join to adjacent 1 1/4" work surface.

P-shape laminate surfaces have continuous T-mold edge in profile to match adjacent 1 1/4" worksurfaces.

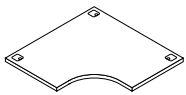

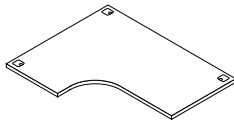

Veneer Group 1 worksurfaces are quartered Techgrain®.

Veneer Group 2 worksurfaces are rift cut Techgrain®.

Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

Specification Information

1 1/4" curvilinear surfaces are solid core construction with threaded metal inserts at desk support, and all bracket locations and pilot holes at pedestal locations.

Specify surface finish.

All worksurfaces are U.L.-listed.

Wave-end worksurfaces have 2 grommets for use with freestanding desk and overhead supports.

Application Notes

Wave-end curvilinear worksurfaces may be used interchangeably in desk and panel system applications. They may be supported by straight desk support or cantilever brackets.

Use flat bracket or bridging bracket to join to adjacent 1 1/4" work surface.

Wave-end surfaces are post-formed on back edge, matching profile T-mold on curvilinear front, and self-edge on sides.

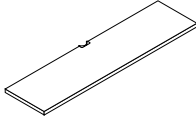

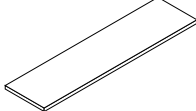

Wave-end surfaces are available only in plastic laminate, 1 1/4" thickness.

Wave-end surfaces are nominal 30"D at left or right, and align with 24"D surface at the other end. Inserts for 24"D pedestal are standard at the wave end.

Wave-end surfaces are 3/8" less than nominal depth for wire clearance or privacy screens.

Order Code

Example:	LU1-S4418-B-117-Q
LU1	Worksurface, 1 1/4" thick
S	Straight worksurface
44	Width
18	Depth
B	No grommet
117	Surface finish
Q	Standard Special

Specification Information

Grommet/no grommet:
A- worksurface includes one edge grommet
B- worksurface does not include grommet

Specify surface finish.

1 1/4" Options worksurfaces are 3-ply, solid core construction with pilot holes at all pedestal, end panel, and bracket locations.

Edge grommets are centered at rear of worksurface.

Application Notes

18"D worksurfaces are used in panel system applications as shallow main surfaces, extensions or credenza tops. They may be supported at each end by an 18" end support bracket, 18" cantilever bracket, 18"W desk end panel or 18"D pedestal.

Options worksurfaces cannot be used in conjunction with Network desk supports.

All straight worksurfaces are 3/8" less than nominal depth for rear wire clearance.

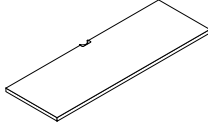

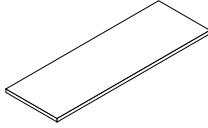

Panel-supported 1 1/4" worksurfaces over 48" must be mid-span supported by MB2-C18 bracket, specified separately.

Panel-supported 1 1/4" worksurfaces over 96" must be pedestal or MB2-C24 cantilever bracket supported every 48".

Suspended pedestals may not be used with 1 1/4" worksurfaces.

D-	30"D side edge
	Specify surface finish.
	1 1/4" curvilinear surfaces are solid core construction with threaded metal inserts at desk support and all bracket locations.
	All worksurfaces are U.L.-listed.

Application Notes

P-shape curvilinear worksurfaces may be used interchangeably in desk and panel system applications. They may be supported by a 48" VDT support bracket kit, or 48" desk support and 6" end panel, in conjunction with rounded end support column. Use flat bracket or bridging bracket to join to adjacent 1 1/4" work surface.

P-shape laminate surfaces have continuous T-mold edge in profile to match adjacent 1 1/4" worksurfaces.

Veneer Group 1 worksurfaces are quartered Techgrain®.

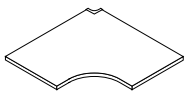

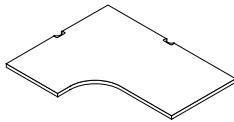

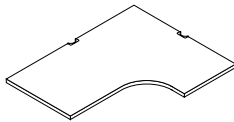

Veneer Group 2 worksurfaces are rift cut Techgrain®.

Veneer Group 3 worksurfaces are narrow heart, flat cut natural veneers.

C	L-shape curvilinear
48	Width left
66	Width right
S	Depth of left return
D	Depth of right return
117	Surface finish
Q	Standard Special

Specification Information

Width dimension (W) refers to width of left-side back edge; depth dimension (D) indicates width of right-side back edge.

S- 24"D side edge
D- 30"D side edge

Specify surface finish.

1 1/4" curvilinear surfaces are solid core construction with pilot holes at all bracket locations.

Application Notes

Options L-shaped curvilinear worksurfaces may be supported by left- or right-hand cantilever brackets at the rear corner and cantilever bridging bracket on each side edge. Use mid-span support whenever Options worksurfaces span more than 48".

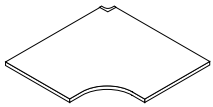

L-shape surfaces are veneer or post-formed plastic laminate on both back edges, matching profile T-mold on curvilinear front, and self-edge on sides.

Curvilinear worksurfaces are available only in 1 1/4" thickness.

L-shape surfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.

Application Notes

VDT corner panels are wood desk panels ordered and shipped in pairs: one left and one right.

VDT corner end panels include 2 MB1-T brackets, VDT corner end panels/worksurface and bracket MB1-L1, filler/desk end panel.

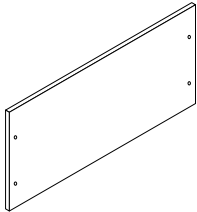

VDT transitional end panels are used when one back edge of a VDT surface is supported by a vertical panel.

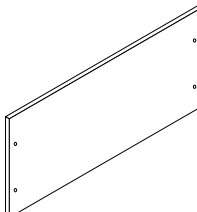

A VDT transitional end panel includes bracket MB1-T, desk end panel/ worksurface. Specify bracket MB1-W 18 or 20(L or R) separately.

Veneer Group 1 end panels are quartered Techgrain®.

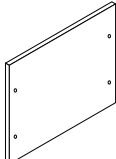

Veneer Group 2 end panels are figured Techgrain®.

Veneer Group 3 end panels are narrow heart, flat cut natural veneers.

Example:	MM3-IS54R-612-Q
MM3	Accessory
IS	Intermediate shelves
54	Width
R	Return
612	Paint finish
Q	Standard Special

Specification Information

Specify paint finish.

Specify return shelves by number that corresponds to total return dimension (depth of desk and width of return).

Application Notes

Intermediate shelves provide an additional level of storage between the worksurface and standard overhead storage.

Use full width intermediate shelves that correspond with actual workstation width.

Intermediate shelves include brackets for cantilever support from vertical panel connector tracks.

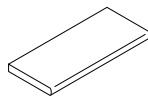

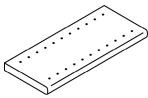

Intermediate shelves may be mounted on 1" increments of height up to 1" from top of panel. Recommended position is 6" - 7" above the worksurface.

Use full width shelves with back panels of the same total width. Add returns to form a continuous "L". Half-round endpiece joins back-to-back shelves over a half-round conference worksurface. Quarter round terminates an intermediate shelf at a straight panel connection.

Intermediate shelves cannot be mounted to freestanding desks or overhead supports.

MS2	Shelf
U	1 1/4" thick
54	Width
13	Depth
612	Surface finish
H	With holes
Q	Standard Special

Specification Information

Specify finish.

Specify suffix H for shelf holes that accept shelf organizers.

Veneer Group 1 shelves are quartered Techgrain®.

Veneer Group 2 shelves are rift cut Techgrain®.

Veneer Group 3 shelves are narrow heart, flat cut natural veneer.

Application Notes

Panel mounted shelves are canti-levered from vertical panel connector tracks with bookend or undershelf brackets. 1 1/4" shelves must be midspan supported every 48".

13"D shelves hold binders, books and other reference material. Order brackets and shelf organizers, if applicable, separately.

Bookend-style brackets keep material upright when vertical panels are not used at the ends of shelves (brackets are shipped in pairs.)

Standard 13" deep shelves double as flush counter surfaces. Specify undershelf brackets or desk-mount stanchions for this application.

All shelves accept task lights. Adjacent bookend-style shelves require MB1-TC tie clip to secure full width task light.

Transaction shelf brackets support panel-mounted shelves without holes. Each set supports a maximum span of 48".

MO8	Overhead cabinet
N	Network mounted
24	Width
612	Paint finish for case
612	Surface finish for door
N	Black pulls
N	No lock
Q	Standard Special

Specification Information

Specify finish for case and front.

Order overhead cabinet locks with a KnollKey order form.

Veneer Group 1 cabinet doors are quartered Techgrain®.

Veneer Group 2 cabinet doors are figured Techgrain®.

Veneer Group 3 cabinet doors are narrow heart, flat cut natural veneer.

Interior shelves have slots for vertical dividers. Order vertical dividers separately.

Desk mounted MO8 overheads align with 64"H panel and vertical storage.

Overhead cabinet door pulls are matte black.

Overhead cabinets are hung from vertical panels with removable brackets. Cabinet door recedes within cabinet to allow use of top of overhead for storage or lighting.

Application Notes

Stanchion mounted overhead cabinets attach to overhead supports. Specify overhead backs separately for finished appearance in back-to-back or exposed applications.

Specify conversion kit MO7-SMB only if converting panel hung overheads to stanchion mounted.

Wall-mounting Morrison overhead cabinets: Use MO8-WMR to mount up to 120" of MO8 overheads. Specify one MO8-WMB for each overhead.

For Options overheads or Morrison or Options shelves, use MO6-WMSK to wall mount up to 9' of shelves or overheads. Kit includes wall mount rail and one vertical standard. Specify one additional MO6 WMSB for each shelf or overhead. Morrison shelves also require MB1-B13 shelf brackets.

Wall mount rails may be trimmed to length.

Specify conversion kit MO7-PMB only if converting stanchion mounted overheads to panel hung.

Wall mount wire manager is two-part wire concealment kit, 22"H.

Specification Information

Example:	MZ1-B2415-15-W210/2-Q
MZ1	Morrison Network privacy screen
B	Back of worksurface
24	Width
15	Height
15	Surface type and group no.
W210/2	Upholstery
Q	Standard Special

Surface type:

10-	Fabric group 10
15-	Fabric group 15
20-	Fabric group 20
30-	Fabric group 30
35-	Fabric group 35
40-	Fabric group 40
45-	Fabric group 45

Back of worksurface screens provide visual barrier and tackable surface from underside of worksurface to a height of 42", 46" or 49".

Screen widths should correspond to straight worksurface width, or sum of VDT corner and return widths.

Use back of worksurface screen for VDT applications where one side is backed by a vertical panel.

VDT worksurfaces will accept back screens on only one back edge.

Back screens may not be used at the end of a straight worksurface; use end screens in this application.

Privacy screens are not available in a combination of fabrics.

Back of worksurface screens are full dimension: two smaller screens may be substituted for a larger one. For example, if using fabric grades 20-70, specify two 36" screens for a 72" surface.

Between back-to-back straight or VDT worksurfaces specify a single 3/4" back screen. This allows back-to-back 23 5/8"D or 29 5/8"D worksurfaces to plan on a precise 6" module.

15" high screens are used for a 42" horizon.

19"H screens are used to fill in space between worksurface and Morrison overhead.

22"H screens fill the space between worksurface and Reuter overhead.

All but shared end screens start at the bottom of the worksurface.

Privacy screens are supported by brackets fastened at worksurface inserts. Privacy screens include mounting brackets, insert kit, and stiffener clip.

For replacement screen stiffeners see Accessories page.

Privacy screens may be specified to achieve ASTM E-84 Class "A" flamespread rating.

Morrison vertical storage options kiosk

description	width	depth	height	pattern number	Paint

Order Code	Specification Information	Application Notes
Example: MV3-D64F-RV-Q	<i>Specify Melamine finishes for sides, top, and back of Options Kiosk.</i>	
MV3 Vertical storage		
D 30" deep	Options Kiosk fronts may be specified in any standard Morrison painted finish. Sides, top and back are available in melamine only. Kiosk storage is available in full painted finishes only.	Options Kiosks are freestanding wood construction vertical storage with four Morrison file drawers, hinged door cabinet, and coat storage with door. Options Kiosks have painted fronts and melamine sides, back and interior. The melamine top is finished, with lock cams and a few pilot holes visible.
64 Height		Kiosks are identical to Options kiosks but painted on all surfaces.
F Front access		64"H Kiosks include cabinet with hinged door over the file drawers.
R Right door hinge		18"H top cabinet attaches to 56"H Kiosk to create 74"H storage unit. Top cabinet includes front access hinged door storage over the coat storage and open shelves accessible from the sides.
V Case and front finish		File supports for kiosk drawers must be ordered separately.
Q Standard Special	All kiosks have KnollKey lock for door, and internal sliding lock switch for files.	Flat top caps may be specified separately to coordinate with Morrison panel top caps; vault-shaped cupolas may also be used to prevent storage above kiosk. Kiosk back panels and extended depth top caps or cupolas are used with adjacent vertical panels. Back panel is notched to connect to panel with brackets and trim included. Specify straight connector track same height as vertical panel, and hi/low top cap for post configurations, in width of adjacent panel.

 Ricochet (W498)

Grade 55

Transition (W816)

Customers Own Material

Prices for panels that are to be manufactured with a customer supplied fabric will follow Grade 10 panel pricing. COM fabrics are subject to a testing charge prior to acceptance for use on Reff panels. Panels bearing COM fabrics are subject to extended leadtimes. It is the responsibility of the customer's purchasing agent to ensure COM fabric is supplied for testing and manufacturing. Delays in receiving COM fabric for manufacturing will result in rescheduled delivery dates.

When specifying panel/fabrics use the following format to denote location on a tiled panel.

Side 1		Side 2
1E	Top of Panel	2E
1D		2D
1C		2C
1B		2B
1A	Bottom of Panel	2A

(Side 1 is always the inside of the workstation.)

Panels with beltway one side: assume the beltway is on SIDE 1 of the panel.

W281	Fabric selection - side 2
V316	Maple (top trim finish)
111	Jet Black (base finish)

Specification Information

To order please specify pattern number including:

1. Top trim profile
2. Base height
3. Knockout option (K = with knockouts, N = without knockouts)
4. Panel side 1 finish(s) inside
5. Panel side 2 finish(s) outside
6. Top trim finish
7. Base finish
8. *Optional:* specify (M) for panel frame to be milled for ported components. \$13 list upcharge applicable

1. *Top trim profile:*
A = Flat
B = Square
C = Bullnose
E = Extruded Aluminum, anodized finish only

2. *Base height:*
4 = 4" base height
6 = 6" base height (add \$43 per panel)

3. *Tile divider: (E option) applies to both sides*

34" h add per panel:
\$26 for 18w and 20w
\$28 for 24w and 30w
\$30 for 36w and 42w
\$40 for 48w

42" h add per panel:
\$48 for 18w and 20w
\$54 for 24w and 30w
\$64 for 36w and 42w
\$80 for 48w

49" h add per panel:
\$48 for 18w and 20w
\$54 for 24w and 30w
\$64 for 36w and 42w
\$80 for 48w

All panels on this page accept stacking modules.

6" Raceway option increases panel height by 2 3/4".

Applicable finishes are listed on page 87 and 88.

Application Notes

All panels on this page have no high acoustical option or Beltway option. Product on this page can be attached to posts 34"H, other 34", 42", 49", 64", and 79" panels without beltway. To attach 34" high panels to Beltway posts, order appropriate attachment kits from page standard Reff price list.

The panels on this page will accept stacking modules to increase their height on 18" to 48"W panels only. The 60" to 72"W panels will not accept stacking modules on top of themselves.

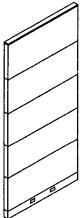

79"H hookstrip reveal strips are ordered separately from standard Reff price list at no charge.

QR3	Reff Generation 3
S	Stacking module
LL	Laminate/Laminate
08	8" high
20	20" wide
118	Laminate selection - side 1
118	Laminate selection - side 2

Specification Information

To order please specify:

1. Pattern number including height and width
2. Panel side 1 finish
3. Panel side 2 finish

Application Notes

* Not for use on 79"H panels.

* * Suitable only for top of any panel. Cannot be stacked upon.

8" module will not accept additional modules on top.

Use of 8" module on panel heights other than 34"h will require custom end trims and Hi-Lo parts.

Stacking modules on this page are high acoustic with a hard board septum and fiberglass.

Order Code

Example:	QRSAP263RL
QR	Reff Standard Special
S	Straight top
A	1 1/4" thick
P	Post
26	26 1/2" wide
3	30" deep
R	Recessed grommet location
L	Laminate finish
114	Folkstone grey
111	Jet Black (grommet)

Specification Information

To order please specify pattern number including:

1. Top thickness
2. Grommet option
3. Top finish type
4. Top finish
5. Grommet finish

1. Thickness options:
A = 1 1/4"

2. Grommet options:
N = No grommets
F = Flush front grommet location
R = Recessed front (not recommended for 20"D and 24"D tops)

3. Finish type:
L = Laminate
M = Wood/laminate mixed
1 = V1
2 = V2
3 = V3

Applicable finishes are listed on page 87 and 88.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Actual widths of worksurfaces are 1/16" less than nominal dimension. Actual depth is 1/8" less.

Application Notes

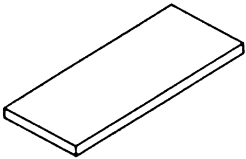

Products on this page are shipped without hardware which must be ordered separately from the support components section.

1 1/4" tops require support at mid point to reduce spans to 48" or less.

P	Post
50	24" wide
3	30" deep
R	Recessed grommet location
L	Laminate finish
114	Folkstone grey
111	Jet Black (grommet)

Specification Information

To order please specify pattern number including:

1. Top thickness
2. Grommet option
3. Top finish type
4. Top finish
5. Grommet finish

1. Thickness options:
B = 1 3/4"

2. Grommet options:
N = No grommets
F = Flush front grommet location
R = Recessed front (not recommended for 20"D and 24"D tops)

3. Finish type:
L = Laminate
M = Wood/laminate mixed
1 = V1
2 = V2
3 = V3

Applicable finishes are listed on page 87 and 88.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Actual widths of worksurfaces are 1/16" less than nominal dimension. Actual depth is 1/8" less.

Application Notes

1 3/4" thick laminate option is double post formed front and back, all others are edgebanded.

Products on this page are shipped without hardware which must be ordered separately from the support components section in standard Reff price list.

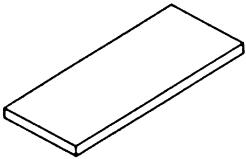

1 3/4" tops require support at mid point to reduce spans to 66" or less.

Mixed finish 1 3/4" tops are not post-formed.

Order Code

Example:	QRCEAL223654N2
QR	Reff Standard Special
C	Corner
E	Extended
A	1 1/4" thick
L	Left Hand
22	24" returns
36	36" d at corner straight edge
54	54" wide
N	No grommet
2	V2 finish
V319	Medium Cherry

Specification Information

To order please specify pattern number including:

1. Return left hand depth
2. Return right hand depth
3. Width
4. Depth
5. Grommet option
6. Finish type
7. Finish
8. Grommet finish

5. Grommet options:

- N = No grommets
- F = Flush front grommet location

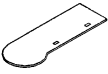

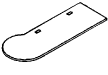

6. Finish type:

- L = Laminate
- M = Mixed (laminated surface with wood edge)
- 1 = V1
- 2 = V2
- 3 = V3

Applicable finishes are listed on page 87 and 88.

QR	Reff Standard Special
C	Curved front corner
A	1 1/4" thick
36	36" wide on left back
36	36" wide on right back
2	24" deep on left side
3	30" deep on right side
N	No grommet
1	V1 finish
Y324	Ash

Specification Information

To order please specify pattern number including:

1. Left hand width
2. Right hand width
3. Return left hand depth
4. Return right hand depth
5. Grommet option
6. Top finish type
7. Top finish
8. Grommet finish

5. *Grommet options:*
N = No grommets
F = Standard corner location

6. *Finish type:*
L = Laminate
M = Wood/laminate mixed
1 = V1
2 = V2
3 = V3

Application Notes

Radius of curved front changes with overall top size. See Planning Guide.

Products on this page are shipped without hardware which must be ordered separately from the support components section.

Curvilinear worksurfaces only available in 1 1/4" thick.

See Planning Guide for grommet locations.

Actual widths of worksurface are 1/16" less than nominal dimension. Actual depth is 1/8" less than nominal dimension.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware.

Please call Custom Product Development for special grommet locations.

Applicable finishes are listed on page 87 and 88.

L = Laminate
1 = V1
2 = V2
3 = V3

3. Interior options:
W = Wood

Application Notes

4. Pull options:
D = Metal D-pull
J = Routed pull
C = Nickel C-pull (nickel finish only)
S = S-pull (stainless steel finish only)

5. Lock options:
L = Drilled to accept lock
N = No drilling

6. Refer to page 164 for keying instructions.

Pedestals must be ordered with back panel to achieve full depth without a modesty panel.

Pedestals do not come with lock included. Keying instructions must accompany all cabinet orders.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code.

Mobile pedestals are always equipped with finished backs.

File drawers include file bars for front to back and side to side filing. File drawers do not support bottom loading.

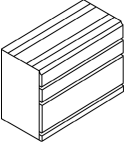

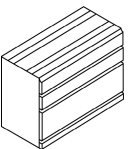

Random locks are factory installed.

Keylike are field installed using the KnollKey order form.

Each locking pedestal on this page counts for one lock core.

N No drilling	9. Right hand side of cabinet drilling: same as #8 above.	
N No drilling	10. Keying instructions	

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

Specification Information

To order please specify pattern number including:

- Hinge location, where applicable
- Finish type
- Interior option
- Pull option
- Lock option, where applicable
- Finish, cabinet
- Finish, pull when applicable
- Left hand side of cabinet drilling:
N = No drilling
Size to drill for each workwall:
S0 = 19"H x 15"D
S1 = 19"H x 20"D
T0 = 23"H x 15"D
T1 = 23"H x 20"D
- Right hand side of cabinet drilling: same as #8 above.
- Keying instructions

*After specifying product code, provide keying instructions.

Application Notes

Key alike are field installed using the KnollKey order form. Random locks are factory installed.

Cabinets do not come with lock included. Keying instructions must accompany all cabinet orders.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code.

Wardrobe cabinets do not come equipped with coat rod and boot tray. Please specify separately from standard Reff price list.

File drawers include file bars for front to back and side to side filing.

File drawers do not support bottom loading.

Applicable finishes are listed on page 87 and 88.

dimensions noted nominal

Products on this page are engineered to align with 75"h cabinets. Be sure storage dimension options and drilling options correspond accordingly. For storage options below the worksurface, specify 28³/₈"h products; **do not mix products from 26¹/₂"h (standard height) planning model with 28³/₈"h (desk height) planning model in any one configuration.**

Overdesk unit will achieve 75" nominal height - actual height 75.125", when used with correct thickness of top.

Clearance below overhead storage to top of worksurface is approximately 22⁵/₈"h.

Applicable finishes are listed on page 87 and 88.

Odd numbered hinged door is always on left side, left hinged.

Selling Policy

	<p>This Selling Policy supercedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.</p>
Terms & Conditions of Sales	<p>Sales by Knoll, Inc. or Knoll North America Corp. ("Seller") of Knoll Product Lines (hereinafter "Products") within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser's assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supercede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.</p>
Ordering Information	<p>All orders must be in writing. The product pattern number(s) contained on Seller's order acknowledgement shall be the final expression of the order.</p>
Order Confirmation	<p>A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.</p>
Pricing Policies	<p>List prices are subject to change without notice.</p> <p>List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller's list prices.</p>
Taxes	<p>All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.</p>
Terms of Payment	<p>Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than \$100,000 net, a one-third (1/3) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.</p> <p>KnollStudio orders less than \$2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than \$2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.</p> <p>If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance.</p> <p>Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney's fees and costs.</p>
Changes and Cancellation	<p>Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.</p>
Freight Prepaid	<p>Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from conditions over which the Seller has no control. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. All shipments shall be tailgate deliveries. Freight for all KnollTextiles orders is prepaid and added to the invoice.</p>
Delivery/Freight Charges	<p>Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin.</p> <p>For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.</p> <p>Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.</p> <p>Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser's request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reassignment and redelivery.</p> <p>Partial shipments may be made and invoiced by Seller.</p>
Claims	<p>All shipments for all Knoll Products within the contiguous United States and Canada are F.O.B. Origin. Risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to make a claim against carrier or notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. Seller will agree to repair or replace Product damaged in shipment if Purchaser has notified Seller of freight damage within ten (10) working days after receipt and assigns its rights against the carrier.</p>
Seller's Security Interest	<p>Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.</p>
Returns	<p>The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.</p>
Held Orders/Storage	<p>If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.</p>

Selling Policy

Customer's Own Material	<p>A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.</p>
Warranty	<p>Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.</p> <p>Warranty period set forth below for <i>Bulldog, Chadwick, Essentials Work Chairs, Life, Open Up, RPM, Sapper</i> and <i>SoHo</i> seating is for 24-hour, 7 days a week, multi shift use.</p> <p>Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.</p> <p><i>Product and Period of Warranty</i></p> <p><i>Lifetime: AutoStrada, Calibre, Crinion Open Table, Currents, Dividends Horizon, Equity, Morrison, Reff</i> laminate, <i>Series 2 Storage</i> and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, <i>Series 2 Veneer Front Storage</i>, special or custom products or other materials specifically called out below, see below)</p> <p><i>10 Years: AutoStrada, Crinion Open Table, Reff</i> wood components, <i>Series 2 Veneer Front Storage, Wood Casegoods (Magnusson, The Graham Collection), Interaction</i> tables (except height adjustment mechanisms for <i>Counterforce</i>, crank-adjustable, and split-top tables and worksurfaces, see below), <i>Reuter</i> overheads, <i>Reuter</i> vertical storage, <i>Bulldog, Chadwick, Essentials Work Chairs, Life, RPM</i> and <i>Sapper</i> seating structural and operational parts, controls, casters, pneumatic cylinders, seat and back mesh (except seating upholstery, finishes and labor, wood casegoods upholstered surfaces, see below)</p> <p><i>5 Years: Operational parts, controls, electrical (except light ballasts and bulbs, see below), cascade edge worksurfaces, special or custom product, wood veneer products, A3, Currents</i> handcrank, <i>Interaction Counterforce, Interaction</i> crank-adjustable, and split-top mechanisms, <i>KnollStudio, KnollExtra</i> adjustable keyboard supports, VDT carousel, monitor platform, equipment storage drawers and all universal storage drawers, <i>Open Up and SoHo</i> seating structural and operational parts, controls, pneumatic cylinders (except seating upholstery, finishes and labor, see below)</p> <p><i>3 Years: Upholstery, finishes and labor to repair the following chairs: Bulldog, Chadwick, Essentials Work Chairs, Life, Open Up, RPM, Sapper</i> and <i>SoHo.</i></p> <p><i>2 Years: All other KnollExtra</i> product</p> <p><i>1 Year: Light ballasts and bulbs, seating upholstered armpads and soft armpads, wood casegoods upholstered surfaces.</i></p> <p>This warranty does not apply to:</p> <ul style="list-style-type: none">• Damage caused by a carrier other than the Seller.• Normal wear and tear or acts or omissions of parties other than Seller (including user modification).• COM or other third party materials applied to Products.• Products not installed by or under the auspices of a certified dealer of Seller.• Dramatic temperature variations or exposure to unusual conditions.• Except as specifically noted above, textiles and upholstery supplied by <i>KnollTextiles</i> (consult current <i>KnollTextiles</i> price list for applicable warranty). <p>Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.</p> <p>THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.</p> <p>The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.</p>
Delay/Force Majeure	<p>Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.</p>
Compliance with Law	<p>PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.</p>
Patents	<p>Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.</p> <p>The foregoing indemnity does not apply to the following:</p> <ul style="list-style-type: none">• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.• Any settlements of a suit or proceeding made without Seller's written consent.
Limitations of Liability	<p>SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.</p> <p>Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.</p>

KnollKey Lock Program

KnollKey Lock Program General Information

Following is the KnollKey lock policy, applicable to all products.

Key-alike

For the convenience of the user, furniture may be keyed alike at no charge. Write "Key-alike" in the description of your purchase order for any pedestal, overhead, file or other item you wish to have keyed alike.

Using the key-alike instructions, order cores and keys as line items on your purchase order. Do NOT submit a key-alike form. The Knoll East Greenville Lock Center will select key numbers from the standard range of K 001 - K 250. Key numbers will not be repeated unless over 250 sets are ordered. Lock cores keyed-alike will ship separately from the product, ready for field installation.

There is no charge for key-alike orders if placed with the furniture order.

IF THE KEY-ALIKE ORDER IS NOT PLACED AT LEAST TWO WEEKS PRIOR TO THE FURNITURE SHIP DATE, A \$50 HANDLING CHARGE AND AIR FREIGHT CHARGES WILL APPLY.

If product is ordered and shipped random-keyed, additional lock cores for key-alike are billable.

Random-Keying

To specify product keyed-random, write "key-random" in the product description. Random-keyed product is shipped with the lock core factory installed. A shrouded key is included. Random means no effort has been made to match key numbers, or to make them different.

Keys

A Knoll shrouded key is shipped with every lock core. 250 Key numbers are available. For numbers above 250, contact Custom Product Development. Additional keys and key blanks are available. See service parts for more information.

Master Keying

Knoll locks can be controlled by means of a master key. There is no additional per-lock charge for master keying. A letter of approval from the client must accompany orders for master keys.

Installing Lock Cores

Lock cores can be installed or removed in the field by using a change key. Cores must be in the unlocked position to be removed. See service parts for change key pattern number and pricing.

Lock Distribution

All orders for key-alike lock cores/keys are packaged and shipped from the East Greenville Lock Center, regardless of where the pedestals, overhead, or other units are produced. Random keyed product will have cores factory-installed.

How to Specify Key-Alike

Following is an example of how to specify key-alike for a cluster of 10 workstations.

Step 1 - Using the project floorplan, count the number of locks in each workstation.

Step 2 - Count the number of workstations with the same quantity of locks. Group together the workstations with a like number of locks.

5 workstations with 2 locks per station
3 workstations with 4 locks per station
2 workstations with 5 locks per station

Step 3 - For the first group (5 sets of 2 locks), enter the number of workstations in the quantity column.

Qty	Pattern #	Description	Unit List	Ext. List
5				

Step 4 - Then enter the pattern number "KSPEC_ _" and add a suffix for the number of locks for that group (i.e., for 2 locks per station, add the suffix "2"). Up to 30 lock cores are available in a set (i.e., KSPEC 30).

Qty	Pattern #	Description	Unit List	Ext. List
5	KSPEC 2	Set of 2 cores/keys	N / C	N / C

Step 5 - Repeat for other groups.

Qty	Pattern #	Description	Unit List	Ext. List
5	KSPEC 2	Set of 2 cores/keys	N / C	N / C
3	KSPEC 4	Set of 4 cores/keys	N / C	N / C
2	KSPEC 5	Set of 5 cores/keys	N / C	N / C

Your Key instructions are complete.

Knoll will select key numbers for each set from 250 available numbers. Additional key numbers are available through Custom Product Development. **For additions to existing installations, specify desired key numbers in the description.**

Service Parts

Pattern #	Description	List Price
KKEY_ _ _	Shrouded Key Specify key number desired	\$5
KBLANK	Shrouded Key Blank	\$5
KSPECB_ _ _	Retrofit Universal Core/Key Specify key number desired	\$18
KCHANGE	Change Key	\$5
KMASTER*	Master Key	\$5

*Note: A letter of approval on company letterhead from the client must accompany all orders for master keys.

General Ordering Information

The Products

This guide encompasses all standard products for this product group.

Sizes

Dimensions listed in this guide are indicated as:

H = height

W = width

D = depth

Dia. = diameter

Rad. = radius

Pricing

All prices shown are list.

How to Order

Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item's "designated area" can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:

Knoll, Inc.

1235 Water Street

P.O. Box 157

East Greenville, PA 18041

Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll's environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such "green" initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on "About Knoll" and then "Environmental Focus."
